- 9, In Hartford, Roscoe J. Child, age 57 years, 8 months, 15 days. Birthplace, Paris. Cause of death, pulmonary bronchitis.
- 13, In Oxford, William C. Rock, age 47 years, 10 months, 9 days. Birthplace, North Hampton, Mass. Cause of death, myocarditis and acute Bright's.
- 16, In Lewiston, M. Henry McKeene, age 53 years, 8 months, 16 days. Birthplace, Finland. Cause of death, strangulated right femoral hernia.

Jan. 17, In Minot, Roena H. Sieberling, age 86 years, 5 months, 3 days. Birthplace, Paris Hill. Cause of death, influenza pneumonia.

18, In Portland, John Charles Gerry, age 74 years, 8 months, 19 days. Birthplace, Lovell. Cause of death, lobar pneumonia.

26, In Bath, William D. Bisbee, age 90 years, 2 months, 13 days. Birthplace, Hartford. Cause of death, arterio sclerosis with chronic interstitial nephritis.

February 3, In Hartford, Harry Elliott Field, age 22 years, 11 months. Birthplace, Paris. Cause of death, glomerular nephritis.

18, In Palmerton, Penna., Herbert Ripley, age 72 years. Cause of death, apoplexy.

24, In Portland, William W. Gardner, age 71 years, 6 months, 15 days. Birthplace, Canada. Cause of death, natural causes, sudden illness, died en route to hospital.

March 3, In Norway, Mary J. Cripps, age 60 years, 1 month, 10 days. Birthplace, Portland. Cause of death, chronic myocarditis.

3, In Norway, William H. Cripps, age 60 years, 9 months, 10 days. Birthplace, West Baldwin. Cause of death, chronic myocarditis.

7, In Portland, Sybil B. Bean, age 73 years, 2 months, 8 days. Birthplace, Woodstock. Cause of death, cerebral hemorrhage.

9, In Buckfield, Eugene Herbert Cooper, age 84 years, 8 months, 22 days. Birthplace, Paris. Cause of death, arterio sclerosis.

- May 9, In Augusta, Annie McLeod, age 58 years, 11 months, 3 days. Birthplace, Oxford. Cause of death, mesenteric embolism with hemorrhagic infarct (autopsy).
- 21, In Augusta, Arthur Joseph Daniels, age 49 years, 7 months, 19 days. Birthplace, Paris. Cause of death, intestinal obstruction (operation).
- 27, In New Gloucester, Ephraim Calvin Walker, age 85 years, 6 months, 1 day. Birthplace, Denmark. Cause of death, bronchial asthma.
- 31, In Cape Elizabeth, Mary Stone Burnham, age 83 years, 11 months, 5 days. Birthplace, Limerick. Cause of death, arterio sclerosis.
- April 3, In Bath, James E. Kenney, age 78 years, 7 months, 5 days. Birthplace, Pownal. Cause of death, cerebral hemorrhage.
- 6, In Norway, Eliza J. Whitman, age 83 years, 10 months, 5 days. Birthplace, Woodstock. Cause of death, cancer of intestines.
- 17, In Norway, Persis A. Walker, age 83 years, 11 months, 5 days. Birthplace, Paris. Cause of death, broncho pneumonia.
- June 13, In Lewiston, Elnora Estella Bane, age 49 years, 8 months, 27 days. Birthplace, Upton. Cause of death, fibroid of uterus.
- 16, In Sumner, Hannah E. Whitman, age 75 years, 4 months, 12 days. Birthplace, Greenwood. Cause of death, senility.
- 18, In Portland, Bessie R. Small, age 61 years, 10 months, 16 days. Birthplace, Toronto, Canada. Cause of death, arterio sclerotic heart disease, chronic nephritis.

June 20, In Lewiston, William Nelson Judkins, age 60 years, 8 months, 18 days. Birthplace, Mineral Point, Wisconsin. Cause of death, exhaustion following operation.

July 29, In Oxford, Walter W. Purington, age 65 years, 23 days. Birthplace, Waterford. Cause of death, myocarditis.

August 2, In Lewiston, Raymond Dunham, age 31 years, 5 months, 14 days. Birthplace, Paris. Cause of death, paralytic ileus.

4, In Lewiston, Harold S. Buck, age 26 years, 2 months, 10 days. Birthplace, West Paris. Cause of death, multiple pulmonary abscesses with broncho pneumonia.

25, In Portland, Raymond Loine, age 15 years. Cause of death, status lymphaticus.

September 16, In Gray, Mary Morse Maxim, age 78 years, 9 months, 12 days. Birthplace, Norway. Cause of death, chronic myocarditis with acute cardiac dilatation.

20, In Brockville, Ontario, Robert Tufts, age 49 years, 9 months, 4 days. Birthplace, Paris. Cause of death, myocarditis.

23, In Buckfield, William H. Lurvey, age 73 years, 7 months, 22 days. Birthplace, Paris. Cause of death, carcinoma of urinary bladder.

24, In Auburn, Fred S. G. Jackson, age 70 years, 27 days. Birthplace, Paris. Cause of death, chronic myocardial disease.

October 17, In Portland, Clara I. Whittle, age 76 years, 11 months. Birthplace, South Paris. Cause of death, valvular heart disease, nephritis.

November 19, In Scarboro, Francis L. Tucker, age 64 years, 1 month, 24 days. Birthplace, Charlotte. Cause of death, angina pectoris.

25, In Berlin, N. H., Nina M. Laffin, age 19 years, 10 months, 6 days. Birthplace, Paris. Cause of death, brain abscess.

December 6, In Norway, R. Agnes Pinkham, age 52 years, 10 months, 20 days. Birthplace, Harrison. Cause of death, carcinoma of lungs.

7, In Lewiston, Baby Millett, age 1 1-2 hours. Birthplace, Lewiston. Cause of death, prematurity.

24, In Mexico, Charles O. Cummings, age 71 years, 4 months, 12 days. Birthplace, Paris. Cause of death, chronic endocarditis.

26, In Lewiston, Shirley May DeCoster, age 21 years, 3 months, 28 days. Birthplace, South Paris. Cause of death, acute nephritis.

Town Farm Receipts

Received for sale of veal,	\$ 18 23
From State, board of George Adams,	245 00
Dividend on Turner Center System stock,	8 96
Total receipts,	\$ 272 19
Total expenditures,	\$ 1,485 15
Total receipts,	272 19
Balance against the farm,	\$ 1,212 96

In addition to the above amounts, 383 dozen eggs, amounting to \$72.64, 204 pounds of butter, to the amount of \$52.96, and 227½ pounds of veal, amounting to \$21.65, have been applied to the store account. Also forty-eight bushels of potatoes and twenty pounds of butter have been delivered to the poor, thus reducing the amount we had to buy for those persons who received them.

Report of the Board of Health

To the Selectmen and Citizens of the Town of Paris :

We wish to submit the following report for the year 1933, with a tabulation of contagious diseases, that have been reported to the board of health during the year.

Pneumonia,	6 cases
Pulmonary tuberculosis,	2 cases
Measles,	1 case
Chicken Pox,	18 cases

(Whooping Cough cases will be in next year's report.)

During the year four minor nuisances have been reported, and taken care of to the best of our ability.

It would be a great advantage to the Board of Health, and to the community, if our public dumping grounds were better arranged and taken care of.

We have had about the usual number of cases of impetigo, itch, lice, etc., among the indigent children in school, which the physicians have taken care of without expense to the town.

Respectfully submitted,

J. G. LITTLEFIELD,	}	Members of Board of Health.
EDWIN KAY,		

Schools of Paris

Report of Superintendent of Schools

*To the Superintending School Committee and the Citizens of
the Town of Paris :*

I submit to you my fifth annual report of the progress and conditions of your schools.

The great problem today, here as elsewhere is, how to maintain educational standards in the face of dominating sources of income and increasing demands upon the schools.

More often than ever before do we hear from those well-meaning though often uninformed persons who would restrict the schools to the three R's, who cry out against the "fads and frills" and go so far as to include in these such basic elements as education in art, in music, in health, in social, political, and economic understanding. They overlook the fact that while the mastery of the tools of learning is essential to social living, it is also true that the three R's by no means comprise all the fundamentals of education.

SCHOOL CONVEYANCE

As a logical outgrowth of a fairly wide-spread disregard of the law, which provides that school conveyance shall be such as to "conserve the comfort, safety and welfare of the children conveyed," an order was passed by the Governor and Council on August 7, 1933, as follows :

"ORDERED,

That the Secretary of State be authorized to establish the rules and regulations herewith attached relative to the transportation of school children.

Acting under authority of sections 68 and 29 of the revised statutes of the State of Maine I hereby establish the following rules and regulations relating to the operation of motor vehicles used for the transportation of the school children :

No municipality and no person employed by a municipality to convey children to school may use a conveyance which provides less than one linear foot of seating space for each pupil conveyed at any one time.

In pleasure cars (so-called) used for the conveyance of school children not more than two such children shall be allowed on the front seat with the operator of the motor vehicle."

SUB-PRIMARY

All pupils who are five years of age when they enter school are required to spend one year in school before entering the first grade. This rule retards some pupils who are especially brilliant but prevents others from being promoted when they are too young to make proper progress and is, I believe, more satisfactory to the parents as a whole.

Many of our young people complete high school too young to know definitely just what they want to do. If all pupils were compelled to spend five or even six years in high school it would be to their advantage. Some commercial education would benefit all pupils.

WEST PARIS GRADES

In my report of last year I called your attention to the unsatisfactory conditions at West Paris due to the rooms being overcrowded. These conditions have been eliminated by the employment of another teacher and I hope the arrangement can continue permanently.

Now, that there are no real young children at the Porter Rural I hope the parents will be willing to have them conveyed to West Paris where they can secure much better advantages. If the financial condition would allow the pupils in grades seven and eight to be

conveyed from the Hollow School to West Paris much better results could be obtained at the Hollow. No teacher can do justice to the pupils in any rural schools where they have all of the nine grades.

HIGH SCHOOLS

It has not been possible to maintain either high school as efficiently as in the past due to the necessity of curtailing the teaching force. The teachers who were retained have accepted extra duties and salary cuts in a spirit of co-operation and have worked hard to maintain high standards.

It is unfortunate that Home Economics had to be dropped from the curriculum at South Paris. The school is well equipped for teaching the subject which, I believe, is a most practical one.

The loss of a teacher has not affected the school at West Paris as much as it otherwise would if Miss Bennett were not capable of teaching a variety of subjects well. When subjects have to be alternated, especially the languages, pupils do not get as much from their work.

If another teacher is to be added to the force at West Paris I would suggest that a full-time course in Home Economics be made a part of the curriculum and let the teacher teach at least two academic subjects. This would doubtless be the most economical program we could arrange.

REPAIRS

Due to the C. W. A. projects it has been possible to remodel the Brick building to provide for satisfactory lighting, also plaster and paint the walls. If the project is continued, as we hope, it will be possible to repair both the brick walls and the basement walls which are crumbling in places.

At the South Paris High School building a recitation room has been changed from one end of the study hall to the other. When the work is completed the

study hall and library will be connected which will make a far more satisfactory arrangement. The Selectmen have been very co-operative in carrying out these projects.

From the general repair account one side of the Porter Street building was shingled, and the interior of both the Partridge and Hollow schools were painted making them much lighter. The severe hail storm caused a great deal of damage to the school buildings in South Paris Village which had to be repaired. One-half of the material used on the C. W. A. projects must be paid for by the town.

At North Paris the building should be painted both on the interior and exterior and the basement walls repaired. Some method should be provided for ventilating the toilets.

The other side of the Porter Street building will have to be shingled, the roof of the Brick building should be repaired, also the wood work on the exterior painted.

The interior of both the King and Tubbs Schools should be painted as it will make them much lighter. Something should be done to make the King building more comfortable in winter if possible. Some painting should also be done at the high school building in South Paris.

TEXTBOOKS

I know that citizens often wonder why it cost so much to provide "Free Textbooks" for the schools. There are several reasons, one being that even though every teacher is supposed to keep an accurate record of all books loaned to pupils many are lost or injured.

Secondly, textbooks get out of date in a few years and have to be exchanged for more modern ones. The allowance on the old books is very small.

A number of books in the form of pads that are used, especially in the Commercial Department, have to be replaced yearly.

Today reference books are required to teach many subjects properly that are taught in the upper grades. We are rapidly getting away from the one textbook idea. Good reference books are expensive, especially when there are two high schools to equip.

More emphasis is being given to the teaching of reading today than ever, consequently more books are needed. After pupils have read through a book once it is usually uninteresting to them to have to reread it.

TESTS AND MEASUREMENTS

An Intelligence Test has been given to all pupils from the fourth grade up. Those tests are an aid to the teacher in determining pupils' mental ability and are also a guide in determining the type of work that should be required of the pupil.

Achievement Tests have also been given to all pupils from grades four to eight. These tests are given near the end of the school year and serve as a partial guide in determining whether a pupil is qualified to be promoted to the next grade or not. The tests are rated by experts to be nearly one hundred per cent efficient.

I was pleased to note that the tests given at the end of the last school year did not show the pupils to be weak in any particular subject which shows that our program is well balanced. Pupils in some schools pass far better tests than others in the same grades in other schools which was probably due to better teaching and a difference in the mental ability of the pupils.

Often the tests show that a fifth or a sixth grade pupil may be capable of doing seventh or eighth grade work. Experience in other systems has taught that due to the age of the pupil it is not wise to advance them too rapidly. Often pupils in the upper grades pass the test with no better than a fifth or sixth grade. You immediately ask why those pupils are not demoted to the grades in which they properly belong. It is usually on account of either their age or mental ability or pos-

sibly both. Pupils become a problem when placed in grades with pupils much younger than themselves.

When both an intelligence test and achievement test is given the pupils it is possible to determine the teaching ability or as it is commonly referred to as the "teaching quotient" of the teacher. Sometime before the end of the year I hope to have time to work up the "teaching quotient" of the teachers in this system.

SUMMER SCHOOL ATTENDANCE

I am sorry to report that due, no doubt, to cuts in salaries and the discontinuing of the bonus temporarily no teacher attended summer school last year. This is most unfortunate for any progressive school system, as no teacher returns from summer school without being a better teacher and having better ideas than before she went.

CONCLUSION

Before closing I wish to thank the school committee for the manner in which they have co-operated. Never have they refused to attend a committee meeting or do anything that was for the best interest for the schools.

A word of appreciation should also be said for the teachers who have accepted their cuts without protest and have worked hard to maintain high standards.

Respectfully submitted,

RAY ROBINSON,

Superintendent of Schools.

Warrant for Town Meeting

To Carroll B. Penley, a Constable of the Town of Paris :

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Paris, qualified by law to vote in town affairs, to meet at Association Hall, in South Paris Village, in said town, on Monday, the fifth day of March next, at ten o'clock in the forenoon, to act upon the following articles, viz. :

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will accept the reports of the Selectmen, School Board and Board of Health.

Art. 3. To hear the report of the Crocker and Bray funds.

Art. 4. To choose all necessary town officers for the ensuing year.

Art. 5. To see if the town will vote to have a road commissioner or road commissioners.

Art. 6. To see what sum of money the town will vote to raise for the repair of roads and bridges for the ensuing year.

Art. 7. To see what sum of money the town will vote to raise to pay snow bills for the ensuing year.

Art. 8. To see if the town will vote to raise for the maintenance of its schools the sum of Thirty-two Thousand Dollars (\$32,000.00) to cover the following items :

Common schools,	\$ 17,000 00
High schools,	9,900 00
Textbooks,	1,000 00
Supplies,	1,000 00
Supervision,	1,000 00
Repairs,	800 00
Permanent school equipment,	300 00
Insurance, lights, water and telephone,	1,000 00

in accordance with the recommendations made by the Superintending School Committee and Budget Committee.

Art. 9. To see if the town will vote to instruct the school committee to appoint one or more school physicians.

Art. 10. To see what sum of money the town will vote to raise for the maintenance of State aid highway within the limits of the town.

Art. 11. To see what sum of money the town will vote to raise for the maintenance of third class road within the limits of the town.

Art. 12. To see what sum of money the town will vote to raise for the maintenance of special resolve road within the limits of the town.

Art. 13. To see what sum of money the town will vote to raise for cutting bushes within the highway limits of the town.

Art. 14. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20, Chapter 28, Revised Statutes of 1930.

Art. 15. To see what sum of money the town will appropriate and raise for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175 Public Laws of 1933.

Art. 16. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads built within the past five years in accordance with the provisions of Chapter 271, Public Laws of 1931.

Art. 17. To see what action the town will take in regard to repairing the McCormick-Deering tractor for summer road work, or purchasing another one for that purpose.

Art. 18. To see what action the town will take in regard to purchasing snow removal equipment for use in the Paris Hill section.

Art. 19. To see if the town will vote to authorize the Selectmen to purchase a wood lot, or stumpage, and raise money for the purchase and operation of the same.

Art. 20. To see if the town will vote to raise money, and what sum, to provide an unemployment fund, to be used in furnishing work for such persons as are obliged to have assistance from the town on account of lack of employment.

Art. 21. To see what sum of money the town will vote to raise for the support of the poor for the ensuing year.

Art. 22. To see what sum of money the town will vote to raise to pay town officers' bills for the ensuing year.

Art. 23. To see what sum of money the town will vote to raise to pay interest on funds and temporary loans.

Art. 24. To see what sum of money the town will vote to raise to pay interest on refunding bonds.

Art. 25. To see what sum of money the town will vote to raise to pay interest on bridge bonds.

Art. 26. To see what sum of money the town will vote to raise to pay interest on school house bonds.

Art. 27. To see if the town will vote to transfer the balance of Eleven Hundred Eighty-five and 14-100 Dollars (\$1,185.14) in the automobile excise tax account to the interest account or the miscellaneous account.

Art. 28. To see if the town will vote to appropriate money, and what sum, to be used in observing Memorial Day, to be expended by William K. Kimball Post, G. A. R., and by Hannah Carter Tent, D. of V.

Art. 29. To see if the town will vote to authorize the treasurer to hire such sums of money as may be needed for temporary loans, the same to be paid on or before January 1, 1935, from the 1934 assessment.

Art. 30. To see if the town will vote to pay the premium on the bonds of the collector and the treasurer for the ensuing year, the same to be paid from the miscellaneous account.

Art. 31. To see if the sum of One Hundred Dollars (\$100.00) or more will be raised for school nursing in the town of Paris under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 32. To see if the town will allow any discount on taxes paid or charge interest on unpaid taxes, fix the rates for same and the time or times when discounts will be allowed and interest charged.

Art. 33. To see what action the town will take to pay the notes issued to pay certain of the high school bonds, and raise money for the same.

Art. 34. To see if the town will vote to raise the sum of Fourteen Hundred and 13-100 Dollars (\$1444.13) to replace the funds impounded in the Casco Mercantile Trust Company in the checking accounts.

Art. 35. To see if the town will appropriate money for the purpose of applying calcium chloride on Pioneer Street in West Paris Village, from Main Street to the residence of Roscoe Doughty.

Art. 36. To transact any other business that may legally come before the meeting.

The selectmen will be in session at the Assessors' Office, South Paris, at nine o'clock A. M. on the day of the meeting, to revise the list of voters.

Given under our hands this 19th day of February,
A. D. 1934.

Total expenditures,	\$ 1,861 84
---------------------	-------------

Town Farm Receipts

Received for :

Board of John Parsons,	\$	30 00
Insurance on buildings,		25 00
Veal sold,		12 25
Hens sold,		20 76
Maple syrup and eggs sold,		12 70

Total receipts,	\$	100 71
-----------------	----	--------

Total expenditures,	\$	1,861 84
---------------------	----	----------

Total receipts,		100 71
-----------------	--	--------

Balance against the farm,	\$	1,761 13
---------------------------	----	----------

In addition to the above amounts, 356 pounds of butter, amounting to \$93.55, and 157 dozen eggs, amounting to \$34.00, have been applied to the store account. Also fifty-nine bushels of potatoes, 23 pounds of pork and 25 pounds of butter have been delivered to the poor, thus reducing the amount we had to buy for the persons who received them. A chimney fire at the farm this year made it necessary to build a new chimney and make other repairs, which added materially to the expense of the farm.

Poor Account

Amount appropriated March 5, 1934,	\$	7,000 00

CARROLL WILSON,	}	Selectmen of Paris
L. J. ABBOTT,		
HENRY E. SHAW,		

Report of the Board of Health.

To the Selectmen and Citizens of the Town of Paris :

We wish to submit the following report for the year 1934 with a tabulation of contagious diseases, that have been reported to the Board of Health during the year.

Whooping cough 47, pneumonia 1, pulmonary tuberculosis 1, chicken pox 7, scarlet fever 12, conjunctivitis 6.

We have taken care of four minor nuisances, such as defective sewerage, and out-houses.

Our water supply has been examined several times during the year, and it is found to maintain a high standard of purity.

We have tried to prevent the spread of scarlet fever to the best of our ability, however we have had 12 cases in four families.

As usual we have had a large number of indigent children with infectious skin disease, itch, lice and impetigo, which have been taken care of by the School Physicians, but from the fact that most of these cases are in large families, the cure is slow and the child loses lots of his schooling.

EDWIN KAY,	}	Members of Board of Health.
J. G. LITTLEFIELD,		

School Physicians' Report.

*To the Superintending School Committee, Superintendent of
Schools and Citizens of Paris :*

The school physicians have examined 830 pupils and found 531 physical defects, which were listed as follows :

Teeth 287, tonsils or adenoids (usually both) 105, vision 56, ear wax 34, posture 10, skin 8, gums 7, feet 6, contracted prepuce 5, defective speech (apparently not due to tonsils or adenoids) 3, heart 2, lungs 2, enlarged glands 2, anaemia 1, eyelids 1, nervous system 1, thyroid 1.

A large number of these defects have already received attention, which we believe is chiefly due to the examination.

It seems to us that an annual survey of the physical condition of our children gives the parents needed information, stimulates interest in health matters, and is a necessary foundation for any further health activities.

SCHOOL PHYSICIANS.

Schools of Paris.

Report of Superintendent of Schools.

To the Superintending School Committee and the Citizens of the Town of Paris :

I submit to you my sixth annual report of the progress and conditions of your schools.

No thinking person can deny that our State and Nation have been passing through a crisis which has seriously affected our educational system. Schools have been closed, teachers have been thrown out of employment, and many worthwhile educational projects have had to be abandoned.

So serious was the situation in Maine two years ago that our Governor appointed a committee of fifteen citizens to make a special survey of the educational system in Maine and report to the Legislature of this year with recommendations for improvements. The committee was assisted in making their survey by Dr. Paul R. Mort of Columbia University, probably one of the best qualified men in the country for such work, as he has directed similar surveys in other States. After a careful study of the situation the committee have made the following recommendations :

(1) To guarantee to every municipality a \$27 per pupil per year program amounting to \$783 per classroom on an 11 mill equalized local rate for school purposes. This will require approximately \$400,000 and will affect

20% of the school pupils of the State in our poorest schools. The ultimate program is to be \$45 pupil per year. In other words, this means safer and more sanitary buildings, more adequate textbooks, library books and teaching supplies, more adequately trained teachers, better supervision, and more attention to the individual, both in physical well being and mental and social development.

(2) Restoration of state aid to the 1930 level. This would require \$402,000 and would affect the abler towns.

(3) For the intermediate group between the low level and the high level 25 per cent of what they will ultimately receive when the program is consummated. This will require the expenditure of approximately \$400,000.

(4) For every additional \$650,000 made available from new taxes the Statewide property tax for schools and other purposes to be reduced one mill.

SALARIES

We all appreciate the increase in salaries made possible by the increase in appropriations over those of the previous year. I would not have you think that the efficiency of the teacher's work is dependent upon the salary she receives. No group of citizens have been more fair-minded and patriotic throughout the depression than the teachers in our public schools. In the final analysis in public schools as in all other lines of activity the public receives in service just what it is willing to pay for.

In fixing salaries training and experience have been considered. An attempt has been made to be fair to all. In three instances increases were granted on condition that the teachers attend summer school. Where there are more than two teachers in a building the Head Teacher is given some extra salary for the extra work required.

GRADE PRIZE SPEAKING CONTEST

The Grade Prize Speaking Contests have been carried on this year with even better success than in the past. With the exception of the schools where beginning teachers have had to do the coaching there has been an improvement each year.

Another year, if nothing prevents, I would suggest a final contest at West Paris in which the winners of the four groups would take part. In the past this has not seemed advisable on account of the pupils in the graded schools being more pro-efficient than those in the rural schools.

The contests mean a great deal of extra work and expense on the part of your superintendent but I am pleased to do it as it improves the schools so much.

TEACHERS' MEETINGS

Teachers' meetings are held every two weeks in the two high schools, also for the grade teachers for both South and West Paris. When weather and traveling permits meetings for all elementary teachers in the union are held at West Paris.

Three times each year a meeting of all the teachers in the three high schools is held at West Paris. At one of them Mr. Harrison C. Lyseth, Agent for Secondary Education, speaks. The other two teachers meet in groups for discussion and make recommendations for improving their work.

A committee of grade teachers, selected from all teachers in the union, have been appointed to make a study of the amount of work each grade above the fourth should have covered at the end of each nine week period. The committee will not make their final recommendation until the end of the year. This ought to help a great deal in keeping our rural schools more carefully graded.

The teachers in both high schools where we have

tuition pupils report that our own pupils are much better prepared than those coming from the other rural schools. I believe this is due in a large measure to the efficient grading of our rural schools.

TEXTBOOKS

The increase in appropriations for textbooks made it possible to put new geographies in all schools from the fifth grade up. The change was needed as the old books were very much out of date. New elementary civics books were also purchased for the eighth grade.

In the Junior High geography, history, and civics are being taught as one subject and the idea seems to be working out very well. Rugg's Social Science is being used.

Next year new histories should be purchased for South Paris High also for the seventh and eighth grades in the elementary schools as those now in use are out of date. The arithmetics now in use should also be changed.

Whenever a change in textbooks has been decided upon, a committee of five teachers from the district are selected to examine all sample books available and recommend the one to be introduced. In the high schools no change is made until a majority of the teachers from all the high schools in the district who is using the book recommend a change. New textbooks are selected by the same teachers.

TESTING PROGRAM

Our testing program has been continued with beneficial results. The Profile Chart, plotted after the Achievement Tests are given, are a decided help in determining whether a pupil should be promoted or not. In the past this has been determined largely by the teacher's judgment. While teachers intend to be fair they often differ regarding the ability of pupils.

No testing program is successful unless it can be

continued from year to year. The teachers who continue in the system get familiar with it giving the superintendent time to work with those teachers who are new in the system.

HIGH SCHOOLS

We were unfortunate in losing several efficient and experienced teachers from the South Paris High School Faculty. With one exception they left to accept better positions elsewhere. A majority of the teachers are new to the system this year and two of the others have been here only a year. Three of the new teachers are without experience.

While the new teachers have done very well, as good results can not be obtained when there is such a change from the teaching force, and inexperienced teachers have to be employed.

The school is well organized and having a lady teacher in charge of the girls' Physical Education has been an improvement. Another year the organization of the extra curricula activities can be improved.

In West Paris we have the same teaching force as the latter part of last year. Good work is being done but much better results could be accomplished if the subjects were not obliged to be rotated.

An extra unit is now being required for graduation from both schools. This may be earned either by taking part in extra curricula activities or taking an extra subject for one year. The object of the change was to encourage more pupils to take part in extra curricula activities.

I wish it was possible to have Home Economics introduced in both schools. At West Paris I would recommend a teacher who could teach both Home Economics and academic subjects.

MEDICAL INSPECTION AND HEALTH EDUCATION

We were all pleased to have Medical Inspection again in the schools. There is no more important sub-

ject taught in our schools than that of Health. While we may need our mathematics only for helping to balance the family budget good health is an asset as long as we live.

The Maine Public Health Association's Program is being carried on this year as usual. All children are being encouraged to become Seven-Point Children. The greatest handicap are the dental corrections as many children can not afford to have them made.

On May 1st, which is Child-Health Day, a public meeting is planned at West Paris when all Seven-Point Children in the district will be presented with their awards.

REPAIRS

With the help of F. E. R. A. Projects it has been possible to make a great many needed repairs on the buildings. Even with this help there are many more repairs that ought to be made.

The Brick Building has been completely remodeled. The rooms are now well lighted and all of the walls and ceilings have been painted. The roof and basement wall have been repaired and the wood work on the exterior of the building painted.

At West Paris a stage was built in the assembly room and the Home Economics equipment moved from the Commercial Room into what was formerly the English Room. A small room on the second floor has been fitted up for a library and supply room.

At North Paris the basement has been fixed so that it is now in excellent condition and the building is much easier to heat. There is also an opportunity for the small children to play in the basement during the cold weather while waiting for the conveyance teams. The interior of the building has been painted and the toilets put in good condition.

The interior of both the King and the Tubbs were

painted and some painting is now being done at the South Paris High School Building.

I am pleased to report that wherever buildings have been repaired and painted they have been kept in the very best of condition. This is especially noticeable at North Paris. A great deal of credit is due the teachers for the interest they have taken.

As very little of the material was paid for by the Federal Government a heavy drain was made on the Repair Account and some firms furnishing material agreed to wait until after an appropriation could be made for their pay. The Paris Manufacturing Company, J. B. Cole, N. Dayton Bolster Company, and Alton Maxim are among those co-operating.

One side of the Porter Street building should be shingled, a good deal of work should be done on the windows at South Paris High, repairs must be made on the heating system at West Paris, and if the ventilators in the West Paris Building can be fixed the insurance rates can be further reduced.

If any more F. E. R. A. Projects are to be started on the schools Paris Hill should be considered as no projects have been started on that building as yet. The parents in that locality favor installing flush closets as the present wooden ones are getting to be unsatisfactory.

FINANCES

I wish it might be possible to maintain the schools on the same budget as that of last year but this can not be done without cutting salaries which are already too low.

The increase in appropriations asked for are due to the fact that insurance will cost more than last year, that money should be raised for Medical Inspection, that more repair money should be raised to provide for F.E.R.A. Projects already finished and those which may be attempted, to increase the salaries of the teachers

who are not receiving the maximum, and to sustain the increases already made. Some increase should be made in the appropriation for supplies as prices have increased over those of last year.

CONCLUSION

In closing, I want to say a word of appreciation to all who have contributed to make the schools a success. This includes school committee, parents, teachers, and Parent-Teachers' Associations.

For my own part I can say that I have worked just as hard to make the schools a success since the salary cuts as before even though the cost of my traveling expenses has not been reduced to any great extent.

Respectfully submitted,

RAY ROBINSON, Superintendent of Schools.

Warrant for Town Meeting

To Carroll B. Penley, a Constable of the Town of Paris :

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Paris, qualified by law to vote in town affairs, to meet at Association Hall, in South Paris Village, in said town, on Monday, the fourth day of March, next, at ten o'clock in the forenoon, to act upon the following articles, viz. :

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will accept the reports of the Selectmen, School Board and Board of Health.

Art. 3. To hear the report of the Crocker and Bray funds.

Art. 4. To choose all necessary town officers for the ensuing year.

Art. 5. To see if the town will vote to have a road commissioner or road commissioners.

Art. 6. To see what sum of money the town will vote to raise for the repair of roads and bridges for the ensuing year.

Art. 7. To see what sum of money the town will vote to raise to pay snow bills for the ensuing year.

Art. 8. To determine how much money the town will vote to raise for all school purposes. The School Committee recommend the sum of \$33,000, to be apportioned approximately as follows :

Common schools,	\$ 17,500 00
High schools,	9,000 00
Insurance,	1,000 00
Lights,	300 00
Telephone,	100 00
Text books,	1,000 00
Permanent equipment,	300 00
Supervision,	1,100 00
Medical inspection,	250 00
Repairs,	1,250 00
Supplies,	1,200 00

Art. 9. To see if the town will instruct the school committee to appoint one or more school physicians.

Art. 10. To see if the town will instruct the school committee to maintain a school in the Tubbs district for the next year if they think it advisable.

Art. 11. To see if the town will vote to instruct the school committee to run all the town schools on standard time during the year 1935.

Art. 12. To see what sum of money the town will vote to raise for the maintenance of State aid highway within the limits of the town.

Art. 13. To see what sum of money the town will vote to raise for the maintenance of third class road within the limits of the town.

Art. 14. To see what sum of money the town will vote to raise for the maintenance of special resolve road within the limits of the town.

Art. 15. To see what sum of money the town will vote to raise for cutting bushes within the highway limits of the town.

Art. 16. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20, Chapter 28, Revised Statutes of 1930.

Art. 17. To see what sum of money the town will appropriate and raise for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175, Public Laws of 1933.

Art. 18. To see what sum, if any, the town would recommend to take from the joint state aid account for the purpose of applying bituminous surface treatment to state aid roads built within the past five years in accordance with the provisions of Chapter 271, Public Laws of 1931.

Art. 19. To see what action the town will take in regard to repairing the McCormick-Deering tractor for summer road work, or purchasing another one for that purpose.

Art. 20. To see what action the town will take in regard to purchasing snow removal equipment for the use of the town.

Art. 21. To see if the town will vote to authorize the Selectmen to purchase a wood lot, or stumpage, and raise money for the purchase and operation of the same.

Art. 22. To see if the town will vote to raise money, and what sum, to provide an unemployment fund, to be used in furnishing work for such persons as are obliged to have assistance from the town on account of lack of employment.

Art. 23. To see if the town will vote to transfer the balance of the Elvesa Dennen account, amounting to Six Hundred Fifty-nine and 23-100 Dollars (\$659.23) to the poor account.

Art. 24. To see if the town will vote to transfer the balance of the automobile excise tax, amounting to Eight Hundred Twenty-one and 99-100 Dollars (\$821.99) to the interest account or the miscellaneous account.

Art. 25. To see what sum of money the town will vote to raise for the support of the poor for the ensuing year.

Art. 26. To see what sum of money the town will vote to raise to pay town officers' bills for the ensuing year.

Art. 27. To see what sum of money the town will vote to raise to pay interest on funds and temporary loans.

Art. 28. To see what sum of money the town will vote to raise to pay interest on refunding bonds.

Art. 29. To see what sum of money the town will vote to raise to pay interest on bridge bonds.

Art. 30. To see what sum of money the town will vote to raise to pay interest on school house bonds.

Art. 31. To see if the town will vote to appropriate money, and what sum, to be used in observing Memorial Day, to be expended by William K. Kimball Post, G. A. R., and by Hannah Carter Tent, D. of V.

Art. 32. To see if the town will vote to authorize the treasurer to hire such sums of money as may be needed for temporary loans, the same to be paid on or before January 1, 1936, from the 1935 assessment.

Art. 33. To see if the town will vote to pay the premium on the bonds of the collector and the treasurer for the ensuing year, the same to be paid from the miscellaneous account.

Art. 34. To see what sum of money the town will vote to raise to take care of unpaid taxes.

Art. 35. To see what sum of money the town will vote to raise to pay miscellaneous bills for the ensuing year.

Art. 36. To see what sum of money the town will vote to raise to be used in connection with Federal money to purchase materials in order to take advantage of the present or future allotments of money to the town.

Art. 37. To see if the sum of One Hundred Dollars or more will be raised for school nursing in the town of Paris under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 38. To see if the town will allow any discount on taxes paid or charge interest on unpaid taxes, fix the rates for the same and the time or times when discounts will be allowed and interest charged.

Art. 39. To see what action the town will take to pay the notes issued to pay certain of the high school bonds, and raise money for the same.

Art. 40. To see if the town will vote to accept the winter road laid out for the use of Penley Brothers Company, Leon Bradford, Toivo Piirainen and Arthur Stevens, beginning at the road leading from the upper end of Tuell Town to Sumner line at the top of Kittridge Hill, extending across the land of Carroll I. Hooper and ending at the woodlot of Penley Brothers Company, as laid out by the Selectmen and returned to the Town Clerk.

Art. 41. To see if the town will vote to accept the town road laid out for the use of the town, beginning at a point on the westerly side of the highway leading through West Paris village, at a point between the bridge and the railroad crossing, and practically following the winter road as now traveled between this

point and the Penley Brothers Company plant, and ending at said Penley Brothers Company plant, as laid out by the Selectmen and returned to the Town Clerk, and raise money to pay the land damage, if any.

Art. 42. To see if the town will vote to discontinue the road from the Algernon Andrews place, so-called, to the top of Moody Brook bridge hill; also the road from Moody Brook bridge to the road leading from North Paris to the Forbes District.

Art. 43. To see if the town will vote to discontinue the road leading from Snow's Falls to the Elias McKeen place.

Art. 44. To see if the town will vote to discontinue the old town farm road from the Oscar Parsons place, so-called, to the Oxford town line.

Art. 45. To see if the town will vote to discontinue the road from the William Mason place, so-called, to the Orange Small place.

Art. 46. To see if the town will vote to raise the sum of Sixteen Hundred Dollars (\$1,600.00) to pay for the Jackson farm which it was voted to buy of Harold M. Pratt.

Art. 47. To transact any other business that may legally come before the meeting.

The Selectmen will be in session at the Assessors' Office, South Paris, at nine o'clock A. M., on the day of the meeting, to revise the list of the voters.

Given under our hands this 21st day of February,
A. D. 1935.

CARROLL WILSON,	} Selectmen	
L. J. ABBOTT,		of
HENRY E. SHAW,		Paris.

A BIT OF LOCAL HISTORY

Do you know that the bell in the white church on Paris Hill was made in the Paul Revere foundry?

Paul Revere contributed the bell to Paris and vicinity. He contributed to America a spirit of patriotism.

Each of us can contribute something to the present well being of Paris, and to the nation. What is your contribution?

This bank, as its contribution, offers safety and convenience to its depositors. A convenient banking house; an active board of Trustees; insured deposits. These are its part in the campaign for the return of prosperity.

Safety with 3% interest is our offering.

TOWN CLERK'S OFFICE

To the Selectmen of the Town of Paris :

The following returns of births, marriages and deaths for the year 1935, in the Town of Paris and from clerks of other towns have been made to this office.

Respectfully submitted,

ROBERT W. WHEELER, Clerk of Paris.

Births, 1935

- Jan. 3, to the wife of Donald Kimball, a son, Royce Donald, 3rd child.
18, to the wife of Hartwick Ryerson, a son, Lawrence Ralph, 5th child.
31, to the wife of Thomas A. Verrill, a daughter, Jacklyn Joy, 1st child.
- Feb. 4, to the wife of Warren Berry, a daughter, Margaret Jean, 1st child.
12, to the wife of Arthur C. Hart, a daughter, Lillian Mary, 3rd child.
19, to the wife of Harlan S. Andrews, a son, James Harlan, 1st child.
22, to the wife of Kenneth Brill, a daughter, Mary Elizabeth, 1st child.
- Mar. 3, to the wife of Ellis N. Bean, a daughter, Hazel Isora, 4th child.
3, to the wife of Herbert H. Twitchell, a son, George Grover, 3rd child.

Mar. 4, to the wife of Murray E. Brown, a son, Douglas Murray, 1st child.

6, to the wife of Robert M. Young, a son, James Louis, 3rd child.

7, to the wife of Bernard E. Wilson, a son, Eugene Owen, 2nd child.

9, to the wife of William F. Roderick, a daughter, Marlene Bessie, 3rd child.

9, to the wife of Guy E. Farris, a daughter, Josephine Elsie, 7th child.

9, to the wife of Guy E. Farris, a daughter, Jane Emma, 8th child.

12, to the wife of Ernest Libby, a daughter, Marguerite Mary, 2nd child.

16, to the wife of Nestor K. Tamminen, a daughter, Patricia Ellen, 3rd child.

17, to the wife of Wallace Bailey, a son, Wallace Anson, 1st child.

Apr. 3, to the wife of Guy S. Culbert, a son, William Eugene, 5th child.

3, to the wife of Emil H. Heikkinen, a son, Gilbert Henry, 3rd child.

14, to the wife of Theodore H. Howe, a son, Robert Harold, 1st child.

17, to the wife of Franklyn A. Towne, a son, Bradford Ellis, 1st child.

26, to the wife of Solomon Gay, a daughter, Eleanor Lucille, 1st child.

27, to the wife of Percy L. Turner, a daughter, Mary Evangeline, 9th child.

27, to the wife of Myron L. Herrick, a daughter, Doryce Nina, 3rd child.

30, to the wife of Martin K. Miller, a daughter, Carlene Frances, 3rd child.

May 12, to the wife of Conrad W. Lamb, a daughter, Jeanne Frances, 8th child.

21, to the wife of A. Llewellyn Russell, a son, Lee Thomas, 1st child.

May 24, to the wife of Thomas A. Johnson, a daughter,
Sylvia Louise, 4th child.

29, to the wife of Donald L. Parsons, a son, Clifford
Leslie, 1st child.

June 4, to the wife of Henry W. Morton, a son, Henry
Royal, 1st child.

6, to the wife of Philip E. Maxim, a daughter, Mary
Lou, 3rd child.

25, to the wife of Edgar Colby, a daughter, Janice
Lorraine, 4th child.

26, to the wife of Clayton S. Hall, a son, Harold
Lewis, 2nd child.

28, to Elizabeth S. Clair, a daughter, Margaret
Bernice Shurtleff.

July 6, to the wife of Arthur R. Henderson, a daughter,
Beatrice Ann, 4th child.

15, to the wife of Hartley E. Ward, a daughter,
Virginia Louise, 1st child.

17, to the wife of Wallace S. Russell, a daughter,
Joan Ruby, 6th child.

18, to the wife of Leslie A. Dougherty, a son, Dennis
Herbert, 4th child.

20, to the wife of Seymour Card, a daughter,
Annette Marion, 3rd child.

31, to Marian Scribner, a daughter, Beverly
Janette, 2nd child.

Aug. 3, to the wife of Warren F. Knightly, a daughter,
Nancy Anne, 3rd child.

6, to the wife of Walter L. Harding, a daughter,
Glenice Marion, 11th child.

9, to the wife of Milford E. Herrick, a daughter,
Ethel Annie, 4th child.

11, to the wife of Hollis F. Faulkner, a son, Paul
Earl, 6th child.

Aug. 13, to the wife of Nathan C. Ethridge, a daughter,
Barbara Loraine, 3rd child.

14, to the wife of George H. Parks, a son, Wayne
Ernest, 2nd child.

14, to the wife of Linwood E. Buck, a daughter,
Martha Celia, 5th child.

18, to the wife of Earl A. Buck, a daughter, Pauline
Ann, 3rd child.

21, to the wife of Henry S. Stone, a son, Eugene
George, 2nd child.

27, to the wife of Roscoe D. Slattery, a daughter,
7th child.

Sept. 4, to the wife of Richard F. Blanchard, a daughter,
Lois Geneva, 1st child.

5, to the wife of Walter M. Frank, a daughter,
Barbara Eloise, 1st child.

12, to the wife of Howard L. Judkins, a son, Robert
Lloyd, 2nd child.

21, to the wife of George E. Davis, a son, Sheldon
Edgerly, 1st child.

Town Farm Receipts

Received for :

Turner Center Stock called, \$	180 74
Corn,	36 41
Veal,	18 00
Board,	5 00
Potatoes,	60
Total receipts,	\$ 240 75
Balance against the farm,	\$ 1,359 73
Due from Town of Greenwood, potatoes sold,	\$ 1 50

In addition to the above amounts, 534 pounds of butter, amounting to \$127.51, and 241 dozen eggs, amounting to \$67.98, have been applied to the store accounts. Also 200 pounds of butter, 76 bushels of potatoes and 186 pounds of pork have been delivered to the poor, thus reducing the amount of those products we had to buy for those who received them.

Nothing received during the year 1935.

ELLSWORTH D. CURTIS,	}	Selectmen of Paris.
HENRY E. SHAW,		
HENRY E. JUDD,		

Report of the Board of Health.

To the Selectmen and Citizens of the Town of Paris :

We wish to submit the following report for the year 1935 with a tabulation of the contagious diseases that have been reported to the Board of Health during the year.

Chicken pox, 36 cases ; lobar pneumonia, 6 cases ; scarlet fever, 3 cases ; german measles, 4 cases ; measles, 4 cases ; mumps, 49 cases ; pulmonary tuberculosis, 1 case.

There have been six cases of minor nuisances taken care of by the Board of Health.

In cooperation with Mr. Mack and the Selectmen, we have started to put the old school-house near the town farm in a more sanitary and comfortable condition, where the unfortunate man of the road may have a suitable place to lodge over night, and by so doing keep him from sleeping in barns, and lessen the risk of fires to our rural community. We are in hopes to do lots more work to the building in the early months of the year. We are very much in need of second hand bedding, which the selectmen or the health officers would be pleased to get if you have any to spare.

We have taken care of a large number of indigent children with infectious skin diseases, body lice, etc.

The Board of Health will furnish small pox vaccine (free) that those who wish may go to their regular physician for vaccination at any time after March 1, 1936.

Our water supply has been examined several times during the year, and has been found to be in very good condition as far as impurity is concerned.

J. G. LITTLEFIELD,	}	Health Officers
EDWIN KAY,		

Schools of Paris.

Report of Superintendent of Schools

I submit to you my seventh annual report of the progress, condition, and needs of your schools.

A leading Massachusetts educator has said that the present situation demands that every citizen accept the responsibility for a thorough understanding of the problems confronting us. The number of misleading statements which have been circulated throughout the country concerning the public schools can not but prove detrimental to the rising generation.

It was most unfortunate that the recommendations made by the Committee of fifteen Citizens and the Tax Commission were not carried out by the last Legislature, as almost all of the resources for the maintenance of public schools is still dependent upon the property tax.

In the last report of the Commissioner of Education he made this statement. "Even in the more prosperous years the property tax was bearing more than its proportionate share of the burden of educational cost. The breakdown in property tax during the period of depression has merely served to emphasize this inequality, and in order to cure this condition other types of taxation must be sought and the tax base broadened, in order to supplement and relieve a form of tax which is seriously overburdened. Unless additional taxes from other sources than property tax are provided and funds apportioned by the State to municipalities, education can not improve."

A new educational bill is being prepared by the school men of the State to be presented to the next Legislature, and it is hoped that the problem will be solved in a satisfactory manner.

SALARIES

The salary schedule is so low that it is becoming increasingly difficult to secure any but inexperienced teachers when a vacancy occurs. There are many things that a teacher, no matter how well trained she may be, can learn only from experience. Some positions are so difficult that it is not fair to either the pupils or the teacher to place a teacher without experience in them.

The fact that a teacher has been successful in normal school and comes well recommended does not always mean she will be successful in a regular teaching position as the conditions under which she is working are so different.

CHILD HEALTH DAY

Child Health Day was observed on May 1st by a public program at West Paris. Two hundred and forty-nine children were awarded certificates showing that they were Seven Point Children, which meant that their vision and hearing had met the requirements of the State Test, that a dentist had certified that their teeth were in good condition, that a physician had found no serious trouble with their nose and throat, that they were not more than ten percent underweight or twenty percent overweight, that they had good posture, and that their birth had been recorded.

Two schools were Blue Ribbon Schools which meant that every child was a Seven Point Child. These schools were the Woodstock Grammar and the Paris Hill Primary. As there were only five Blue Ribbon Schools in the State this district should be congratulated on having two of them.

It is planned to have a similar program this year and I hope it may be even more successful than that of last year. The Blue Ribbon Schools will receive their awards first rather than last as was done last year.

SCHOOL LIBRARIES

In the modern school more attention is given to the individual than formerly, and we try to encourage a system of education which encourages boys and girls to teach themselves. There is no better way this can be done than through the school library.

Occasionally people ask why we should have school libraries when we have such excellent public libraries. Many of the books found in the public library are not adapted to school use, nor is it always convenient to go to a public library whenever a book is needed.

The library enriches the subject matter taught in the classroom. It teaches the use of good books and fosters the habit of good reading. No educational program is complete today without school libraries, especially a secondary school program.

PHYSICAL EDUCATION

The State is now fortunate in having a State Director of Physical Education, who is doing a great deal to build up a program of Physical Education in all of our schools. For several years we have had a law requiring that a certain amount of time be devoted each week to the teaching of Physical Education, but except in the larger places where Physical Directors were employed, very little was done toward carrying out its provisions.

Dr. Edwards, the State Director of Physical Education, gave a very helpful talk to all of the teachers in the union in the early fall and recommended that as soon as finances should permit a competent Physical Director should be employed to visit schools regularly. If several adjoining towns could unite for the purpose the expense for any one of them would not be heavy.

There is no more important subject taught in our curriculum than that of Physical Education. It is neither a fad nor a frill, and is probably one of the oldest subjects taught, as the ancient Spartans recognized its importance and it formed an important part of the training of all their youths.

GRADE PRIZE SPEAKING

Each year an improvement is noticed over those of the previous year in the Speaking Contest and this year there seemed to be more than the usual interest on the part of the parents. The contests help in improving the regular work of the students in English and oral reading.

A final contest was held at West Paris in which the winners of the four groups took part. The results were very satisfactory and I hope it may become an annual policy.

SUMMER SCHOOL ATTENDANCE

Last summer the following teachers attended summer school. Miss Hamilton, Miss Dean, and Miss Williams at Bates ; Miss Tripp, the University of Maine, and Mr. Willey, Northeastern Coaching School.

Mrs. Largent and Mrs. McAlister secured their normal school diploma at Farmington and two years ago Mrs. Hamm took a course at Columbia.

It is encouraging to have teachers attend summer school of their own volition when salaries are so inadequate. Teachers who attend summer school and are either normal or college graduates should, I believe, in all fairness be reimbursed for a part of their expenses, as the cost of a college summer school averages more than a hundred dollars at the present rates. They do much better work as a result of their extra training, and those who do not attend for a period of years, get out of date in their methods without realizing it.

HIGH SCHOOLS

Both high schools are having a successful year. Some changes were made in the teaching force in both schools and the new teachers, considering their training and experience, are getting satisfactory results.

TESTING PROGRAM

Our Testing Program is proving more helpful each year. Last year's tests showed a weakness in arithmetic especially in problem solving. They also showed that

not enough geography and history were being taught in grades five and six at South and West Paris.

To correct the weakness in arithmetic the books should be replaced with some that give more stress to problem solving. Plans have already been made to change the outline of studies for another year in the grades mentioned where a weakness was found.

The Profile Charts of all pupils above grade three are passed on to the teachers as the pupils advance from grade to grade. They indicate to the teacher the type of work the pupil is capable of doing, and the teacher has a better idea of the type of work she should expect from the pupil.

REPAIRS

With Government Aid we have been able to do a great many needed repairs. The most expensive project was at Paris Hill, where flush toilets were installed, windows re-arranged to light the building properly, and repairs made on the basement. Connection was made with a private sewer and the building is now in quite a satisfactory condition.

The interior of both South Paris and West Paris buildings were painted making them clean and sanitary throughout. So far as I have been able to learn it is the first time that the rooms have been painted since the buildings were remodeled.

A good deal of work has been done on the athletic field at South Paris without any expense to the town, and the exterior of the Main Street building given two coats of paint. Mr. Frothingham, local director of the F. E. R. A., was very cooperative with the school officials in securing the Government Aid.

In addition to the repairs mentioned a number of minor repairs were made on the several buildings. There are always a number of unexpected repairs that have to be made each year on school buildings.

Some shingling should be done at Porter Street, the lighting in a number of the buildings should be improved, and if funds are available, the ventilators at

West Paris should be fixed so that the insurance rates will be reduced.

If the school at the Porter Rural is continued some repairs should be made on the building.

FINANCES

The Governor and Council passed a ruling that all conveyance drivers whether driving automobiles or teams must carry insurance. This added a heavy burden to the cost of our transportation.

Due to a decrease in the number of tuition pupils at West Paris the revenue from tuition has decreased about a thousand (\$1000) dollars.

We have more than a thousand (\$1000) dollars of outstanding bills against the Repair Account and two hundred (\$200) against another. Next year the cost of insurance is the heaviest.

As a result of these financial burdens, and the fact that we have no unexpended balances as we had last year, it is necessary to call for quite an increase in appropriations over those of the previous year.

CONCLUSION

I wish to express to the Citizens my appreciation of their support of schools. I wish especially to express to the Members of the School Committee my appreciation of their interest in schools, and of their assistance in solving the numerous school problems that have been brought to their attention.

To the teachers and the boys and girls I wish to express my appreciation for the genial atmosphere of their school rooms, their courtesy, and willing effort.

Cordially yours,

RAY ROBINSON,

Superintendent of Schools.

Warrant for Town Meeting

To Carroll B. Penley, a Constable of the Town of Paris :

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Paris, qualified by law to vote in town affairs, to meet at Association Hall, in South Paris Village, in said town, on Monday, the second day of March, next, at ten o'clock in the forenoon, to act upon the following articles, viz. :

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will accept the reports of the Selectmen, School Board and Board of Health.

Art. 3. To hear the report of the Crocker and Bray funds.

Art. 4. To choose all necessary town officers for the ensuing year.

Art. 5. To see if the town will vote to have a road commissioner or road commissioners.

Art. 6. To see what sum of money the town will vote to raise for the repair of roads and bridges for the ensuing year.

Art. 7. To see what sum of money the town will vote to raise to pay snow bills for the ensuing year.

Art. 8. To see what sum of money the town will vote to raise to purchase snow fence.

Art. 9. To see what sum of money the town will vote to raise for the maintenance of State Aid highway within the limits of the town.

Art. 10. To see what sum of money the town will vote to raise for the maintenance of third class road within the limits of the town.

Art. 11. To see what sum of money the town will vote to raise for the maintenance of special resolve road within the limits of the town.

Art. 12. To see what sum of money the town will vote to raise for cutting bushes within the highway limits of the town.

Art. 13. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20, Chapter 28, Revised Statutes of 1930.

Art. 14. To see what sum of money the town will appropriate and raise for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 173, Public Laws of 1935.

Art. 15. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads, in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Art. 16. To see what action the town will take in regard to purchasing snow removal equipment for the use of the town, and raise money for the same.

Art. 17. To see if the town will vote to raise money, and what sum, for tarring streets.

Art. 18. To see if the town will vote to raise money, and what sum, for sidewalks.

Art. 19. To determine how much money the town will vote to raise for all school purposes. The School Committee recommend the sum of \$38,000.00, to be apportioned approximately as follows :

Common schools,	\$ 19,430 72
High schools,	10,880 00
Insurance,	1,400 00
Lights,	300 00
Telephone,	100 00
Textbooks,	1,000 00
Permanent school equipment,	300 00
Medical inspection,	250 00
Superintendent account,	960 00
Supplies,	1,200 00
Repairs,	1,700 00
Water,	300 00

Art. 20. To see if the town will instruct the school committee to appoint one or more school physicians.

Art. 21. To see what sum of money the town will vote to raise for the support of the poor for the ensuing year.

Art. 22. To see what sum of money the town will vote to raise to pay town officers' bills for the ensuing year.

Art. 23. To see what sum of money the town will vote to raise to pay interest on funds and temporary loans.

Art. 24. To see what sum of money the town will vote to raise to pay interest on refunding bonds.

Art. 25. To see what sum of money the town will vote to raise to pay interest on bridge bonds.

Art. 26. To see what sum of money the town will vote to raise to pay interest on school house bonds.

Art. 27. To see if the town will vote to appropriate money, and what sum, to be used in observing Memorial Day, to be expended by William K. Kimball Post, G. A. R., and by Hannah Carter Tent, D. of V.

Art. 28. To see if the town will vote to authorize the treasurer to hire such sums of money as may be needed for temporary loans, the same to be paid on or before January 1, 1937, from the 1936 assessment.

Art. 29. To see if the town will vote to pay the premium on the bonds of the collector and the treasurer for the ensuing year, the same to be paid from the miscellaneous account.

Art. 30. To see if the town will vote to transfer the balance of the automobile excise tax, amounting to Nine Hundred Ninety-eight and 71-100 Dollars, to the unpaid tax account.

Art. 31. To see what sum of money the town will vote to raise to take care of unpaid taxes.

Art. 32. To see what sum of money the town will vote to raise to pay miscellaneous bills for the ensuing year.

Art. 33. To see if the sum of One Hundred Dollars or more will be raised for school nursing in the town of Paris under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 34. To see if the town will allow any discount on taxes paid or charge interest on unpaid taxes, fix the rates for the same and the time or times when discounts will be allowed and interest charged.

Art. 35. To see what action the town will take to pay the notes issued to pay certain of the high school bonds, and raise money for the same.

Art. 36. To see what action the town will take in regard to that part of the sinking funds for the payment of the refunding bonds and the bridge bonds which is now impounded in the Casco Mercantile Trust Company.

Art. 37. To see if the town will vote to accept the road known as Barrows Street, in South Paris Village, beginning at the northwesterly side line of Main Street, and ending at the easterly side line of River Street, as laid out by the Selectmen and returned to the Town Clerk.

Art. 38. To see if the town will vote to discontinue the underwitted road, so-called, from the Paine place to the Norway town line.

Art. 39. To see if the town will vote to discontinue the road from the cement road at Snow's Falls to the Charles Buck farm, so-called, or repair the bridge at Snow's Falls, and raise money for the same.

Art. 40. To see if the town will vote to transfer the sewer system to the South Paris Village Corporation, provided the Corporation will vote to take it over and maintain it under such terms as may be agreed upon between the Town of Paris and said Village Corporation as to taking care of the surface water.

Art. 41. To see if the town will vote to discontinue the road from the William Mason place, so-called, to the Orange Small place.

Art. 42. To see if the town will vote to discontinue the old Clark road leading from the road south of Matti Komulainen's to the Hebron town line.

Art. 43. To see if the town will guarantee a sum not exceeding \$100.00 to West Paris Grange for use of hall for basketball.

Art. 44. To see if the town will vote to transfer the balance of the Shurtleff School house account, amounting to Eight Hundred and Ten Dollars and thirty-two cents, to the miscellaneous account.

Art. 45. To transact any other business that may legally come before the meeting.

The Selectmen will be in session at the Assessors' Office, South Paris, at 9 o'clock A. M., on the day of the meeting to revise the list of voters.

Given under our hands this 15th day of February, A. D. 1936.

Deaths

January 9, Alton Edward Swan, Jr., age 3 days. Birthplace, South Paris. Cause of death, prematurity.

13, Sadie G. Swan, age 15 years, 4 months, 10 days. Birthplace, Oxford. Cause of death, lobar pneumonia.

21, Jennie Farr, age 82 years, 6 months, 13 days. Birthplace, Woodstock. Cause of death, Carcinoma? diathesis. (Had intestinal obstruction at splenic flexure of colon.)

February 1, Louise Jane Briggs, age 92 years, 11 months. Birthplace, Sumner. Cause of death, fracture of hip.

Feb. 13, Henry A. Morton, age 59 years, 8 months, 11 days. Birthplace, South Paris. Cause of death, complete heart block.

15, Sandra Jean Stearns, age 4 months, 22 days. Birthplace, South Paris. Cause of death, acute cardiac failure.

16, Mary C. Thurlow, age 82 years, 4 months, 7 days. Birthplace, Minot. Cause of death, chronic myocarditis.

18, Katherine M. Ames, age 75 years, 2 months, 6 days. Birthplace, Franklin Plantation. Cause of death, cardiac failure hypertension-arterio-sclerotic heart disease.

March 5, Ebenezer E. Chapman, age 86 years, 1 month, 16 days. Birthplace, Bethel. Cause of death, pulmonary edema, general arteriosclerosis.

9, Iza L. Porter, age 56 years, 9 months, 23 days. Birthplace, Woodstock. Cause of death, paralytic shock.

11, Mary Ella Buck, age 81 years, 7 months, 18 days. Birthplace, Hartford. Cause of death, chronic gastric catarrh and arteriosclerosis.

17, Nina Briggs Strout, age 37 years, 6 months, 11 days. Birthplace, Albany. Cause of death, acute cardiac (myocardial) failure.

23, George D. Robertson, age 83 years, 8 months, 21 days. Birthplace, Bethel. Cause of death, angina pectoris.

23, Etta L. Jacobs, age 71 years, 6 months, 21 days. Birthplace, Woodstock. Cause of death, lobar pneumonia.

25, Addie M. Stone, age 73 years, 1 month, 23 days. Birthplace, Paris. Cause of death, myocardial failure.

26, Mary Emeline Swift, age 72 years, 1 month, 28 days. Birthplace, Errol, N. H. Cause of death, carcinoma pyloric end of stomach.

March 28, Lydia M. Goodwin, age 88 years, 7 months, 27 days. Birthplace, Albany. Cause of death, myocardial failure.

30, Abbie Francis Lowe, age 85 years, 9 months, 10 days. Birthplace, Paris. Cause of death, bronchopneumonia.

April 17, Walter S. Jones, age 59 years, 4 months, 26 days. Birthplace, Bangor. Cause of death, chronic nephritis—myocarditis.

21, Georgia A. Durgin, age 76 years, 8 months, 20 days. Birthplace, Hebron. Cause of death, arterio-sclerosis.

23, Angie W. Cutler, age 77 years, 7 months, 11 days. Birthplace, Otisfield. Cause of death, paralytic shock.

25, I. Oscar Swift, age 82 years, 7 months, 22 days. Birthplace, Paris. Cause of death, chronic endocarditis and arteriosclerosis.

25, Helvi Hellen Raasumaa, age 1 day. Birthplace, South Paris. Cause of death, congenital atelectasis.

27, Charles A. Walker, age 79 years, 18 days. Birthplace, Bethel. Cause of death, cerebral hemorrhage.

May 1, Lee Ann Ellingwood, age 6 days. Birthplace, West Paris. Cause of death, died suddenly. Had been deeply jaundiced since birth.

3, —McKeen, age 2 days. Birthplace, Paris. Cause of death, circulatory failure.

13, Austin P. Stearns, age 78 years, 4 months, 3 days. Birthplace, Paris. Cause of death, myocardial failure.

June 22, Carroll B. Penley, age 37 years, 10 months, 26 days. Birthplace, Paris. Cause of death, suicide by hanging.

26, Judith J. Stevens, age 37 years, 3 months, 20 days. Birthplace, Buckfield. Cause of death, tubercular meningitis.

June 29, John W. Judkins, age 6 months, 4 days. Birthplace, South Paris. Cause of death, congenital heart disease.

30, Charles F. Barden, age 70 years, 8 months, 25 days. Birthplace, Greenwood. Cause of death, malignancy in left maxillary sinus—probably carcinoma.

30, Mary Ida Parris, age 86 years, 8 days. Birthplace, Fishkill on Hudson, now Beacon, N. Y. Cause of death, myocarditis.

July 9, Henry Elliot Brock, age 76 years, 1 month, 8 days. Birthplace, Norway. Cause of death, myocardial failure.

14, Justin Isreal Millett, age 82 years, 11 months, 4 days. Birthplace, Norway. Cause of death, chronic heart disease, myocardial failure—hypertension.

August 13, Coughlin L. Mills, age 81 years, 4 months, 25 days. Birthplace, Mapleton, N. S. Cause of death, cardiovascular renal sclerosis.

September 15, Emma Carolyn Chandler, age 88 years, 21 days. Birthplace, Sweden. Cause of death, fracture of right hip from accidental fall in her home.

25, May Lovina Swan, age 78 years, 10 months, 27 days. Birthplace, Greenwood. Cause of death, broncho-pneumonia.

26, Frank R. Dunham, age 55 years, 9 months, 7 days. Birthplace, Bryant Pond. Cause of death, general septic infection from constant use of retention catheter in bladder.

26, L. Ellsworth Thayer, age 71 years, 20 days. Birthplace, Paris. Cause of death, chronic endocarditis.

October 1, Adelbert Elroy Dean, age 82 years, 5 months, 6 days. Birthplace, Peru. Cause of death, myocardial failure.

October 6, Alice Victoria Sturtevant, age 74 years, 10 months, 19 days. Birthplace, Paris. Cause of death, chronic myocarditis.

7, Ulysses Grant Wheeler, age 74 years, 4 months, 11 days. Birthplace, Mason. Cause of death, acute myocarditis.

23, Josephine Swan, age 62 years, 5 months, 27 days. Birthplace, Naples. Cause of death, cerebral hemorrhage.

November 9, Harry D. Cole, age 72 years, 4 months, 20 days. Birthplace, Greenwood. Cause of death, coronary thrombosis.

16, Maria T. Jewett, age 82 years, 3 months, 23 days. Birthplace, Brownfield. Cause of death, suicide by drowning.

26, William S. Culbert, age 66 years, 11 months, 28, days. Birthplace, Houlton. Cause of death, paralytic shock.

30, Benjamin J. Turner, age 92 years, 6 months, 8 days. Birthplace, Peru. Cause of death, arteriosclerosis (general).

December 4, Benjamin Y. Russell, age 66 years, 8 months, 20 days. Birthplace, Hartford. Cause of death, myleogenic leukemia.

15, Albert Edward Kuvaja, Birthplace, West Paris. Cause of death, stillborn.

22, Edwin Heikkinen, Birthplace, West Paris. Cause of death, stillborn.

23, Cyrus Howard Bryant, age 79 years, 5 months, 6 days. Birthplace, Raymond. Cause of death, cerebral hemorrhage.

24, Albert Harris Gibbs, age 47 years, 5 months. Birthplace, Paris. Cause of death, carcinoma of lung. (right)

25, William L. Frothingham, age 43 years. 24 days. Birthplace, Paris. Cause of death, pneumonia.

Deaths Reported from Other Towns

January 3, In Mexico, Jane D. Jordan, age 57 years, 3 months, 20 days. Birthplace, Steep Falls. Cause of death, cancer of uterus.

16, In Boston, Mass., Leah Estelle Fletcher, age 76 years. Birthplace, Amherst. Cause of death, cerebral hemorrhage.

27, In Bath, Laura Winslow Payne, age 65 years, 11 months, 17 days. Birthplace, Norway. Cause of death, cerebral hemorrhage.

February 14, In Portland, Jennie L. Bryant, age 93 years, 10 months, 19 days. Birthplace, Woodstock. Cause of death, gangrene of foot.

14, In Lewiston, Stella Agnes Frost, age 68 years, 2 months, 8 days. Birthplace, Milton Plantation. Cause of death, diabetic coma.

18, In Hampton, Va., Charles Norman Perkins, age 67 years, 4 months, 2 days. Birthplace, Brooksville. Cause of death, pneumonia—lobar.

March 9, In Lewiston, William M. Whitten, age 74 years, 15 days. Birthplace, East Boston, Mass. Cause of death, chronic endocarditis.

22, In Lewiston, Ernest L. Gurney, age 49 years, 3 months, 28 days. Birthplace, Norway. Cause of death, general peritonitis multiple gastric ulcers.

April 10, In Bethel, Melvina Hammond, age 48 years, 10 months, 27 days. Birthplace, Browington, Vt. Cause of death, sudden death—embolism.

10, In Westbrook, Della F. Reed, age 80 years, 11 months, 3 days. Birthplace, Rumford. Cause of death, lobar pneumonia.

May 23, In West Stewartstown, N. H., Ralph A. Johnson, age 32 years, 9 months, 20 days. Birthplace, South Paris. Cause of death, fractured skull and blow over heart.

June 3, In Buckfield, Harry H. Dudley, age 68 years, 8 months, 23 days. Birthplace, Oxford. Cause of death, excessive heat (sunstroke).

22, In Buckfield, Marjorie L. Lawrence, age 12 years, 18 days. Birthplace, Paris. Cause of death, acute endocarditis.

26, In Rumford, Florence E. Webber, age 80 years, 5 months, 28 days. Birthplace, Bethel. Cause of death, chronic hypertensive heart disease.

28, In Rumford, Nina Gibbs Cotton, age 72 years, 7 months, 24 days. Birthplace, Dummer, N. H. Cause of death, carcinoma of sigmoid flexure (developed intestinal obstruction).

July 1, In Buckfield, Clara Louise Briggs, age 75 years, 2 months. Birthplace, Buckfield. Cause of death, diabetes mellitus.

12, In Auburn, Hattie F. Jackson, age 81 years, 1 month, 21 days. Birthplace, Gorham, N. H. Cause of death, coronary thrombosis.

31, In Auburn, Fred P. Chandler, age 64 years, 6 months, 18 days. Birthplace, Bethel. Cause of death, cerebral hemorrhage. Had several. The first about six years ago, the last July 25, 1936.

August 6, In Harrison, Sarah Emma Clark, age 77 years, 6 months, 3 days. Birthplace, State of Wisconsin. Cause of death, hypostatic pneumonia.

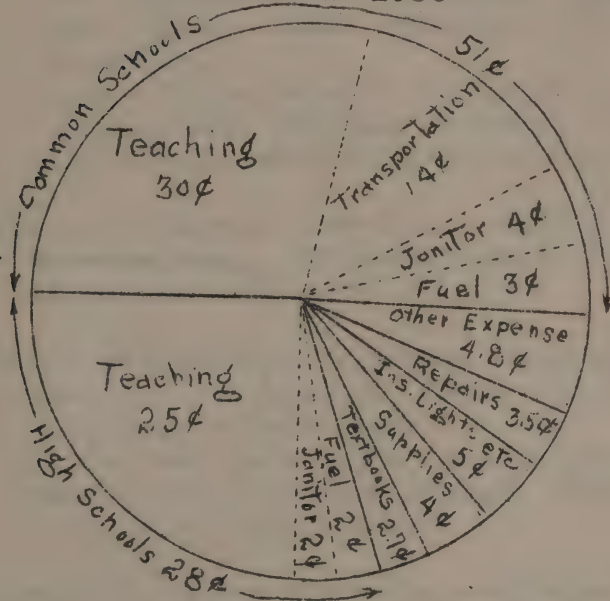

7, In Portland, DeForest H. Perkins, age 63 years, 7 months, 16 days. Birthplace, Brooksville. Cause of death, embolism, following appendectomy.

11, In Freeport, John G. Chase, age 78 years, 3 months, 9 days. Birthplace, Paris. Cause of death, arteriosclerosis.

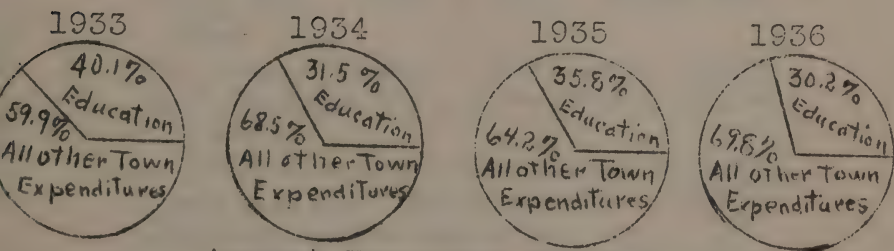

18, In Framingham, Mass., Susan A. Cole, age 88 years, 11 months, 9 days. Birthplace, Stoneham. Cause of death, intestinal obstruction.

Respectfully submitted,

HENRY E. SHAW	}	Selectmen of Paris
HENRY E. JUDD		
L. J. ABBOTT		

Augusta, Maine, Jan. 25, 1937

To the Inhabitants of Paris, Maine.

In accordance with your request we have examined the records as kept by your Tax Collector, Treasurer and Selectmen, for the year ending December 31, 1936, and to the best of our knowledge believe them to have been correctly kept.

Enclosed please find reports of your Treasurer, Tax Collector and Selectmen, also a Comparative Balance Sheet, Reconciliation of Treasurer's Cash, Schedule of Trust Funds and Interest, Bonded Debt, and Summary Sheet prepared from the Selectmen's Ledger.

You will note that the report of your Tax Collector relative to the 1935 Tax Account is not in accord with the report of the Selectmen. An adjustment is to be made subject to the final disposition of the C. B. Penley Estate.

During this past year the bonded debt has been reduced \$16,000.00 by payments of \$11,000.00 on Refunding Bonds and \$5,000.00 on Bridge Bonds.

We would like to call your attention to the Funds that have been placed in Trust to the Town of Paris. The total amount of the Funds is \$9,747.13 of which only \$3,575.00 has been invested. The balance of \$6,172.13 is in the Treasurer's cash account and has been used for current expenses of the town. We believe that some action should be taken at your town meeting to replace this sum that it may be invested according to Chapter 20, Section 54 and Chapter 5, Sections 92, 93, and 94 of the Revised Statutes of the State of Maine.

We do not recommend the printing of each name that might appear on a payroll as it seems entirely unnecessary and in most cases serves only in personel satisfaction to some who wish to find fault. The town records are at all times available to any taxpayer, who can obtain any information desired from them.

We wish at this time to thank your town officers for their courteous assistance during the examination of their books.

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

BY GARLAND C. LEWIS

BY M. A. NAPOLITANO

Schools of Paris

Report of Superintendent of Schools

To the School Board and Citizens of the Town of Paris:

I herewith submit my annual report as Superintendent of Schools.

As I took over this work on July 1st, I must cover, in this report, a part of the work done by Mr. Robinson.

THE ELEMENTARY SCHOOLS

I. Last fall it was decided to close the Porter Rural School for the year. The enrollment was to be small and also it was felt that the pupils in that district would derive a great advantage from their association with the West Paris Village children. On account of the cost of transportation, there has not been a very great financial saving, but I do feel that it is to the advantage of the pupils and after all that is why the schools are maintained.

II. The Tubbs School and the King School were both small last year and in order to make one good sized school the Tubbs was closed and those pupils are being conveyed to the King School. Some financial saving is being effected in this case.

III. The large enrollment in the lower grades in South Paris Village has offered the greatest problem that has arisen this year. The Sub-Primary and 1st. grades in the Brick School, which heretofore have been in one room, numbered over 60 when school opened. This was after sending as many as possible to the Main Street and Porter Street schools. Sixty, of course, is too many pupils for one teacher. Many possible solutions for this problem were considered and it was thought best (for a temporary arrangement) to put two teachers in one room with a curtain across the room. Although this has many disadvantages it is true that these pupils are receiving more individual attention than they ever have had before in these grades and I am confident that the pupils will be well prepared for next year's work. Later in the year a temporary partition replaced the curtain so that one class would not disturb the other.

If this congestion in the Brick School continues another year I

fear something will have to be done to provide more rooms. I dislike having to suggest this because I know that your tax burden is already enough, but if the school population increases the housing facilities must also increase and the school committee and your superintendent of schools have no control over the increase in school population.

Some people have advanced the theory that this congestion is being caused by the closing of rural schools. I fail to see that this is true. The only conveyances that bring pupils to the Brick School come from districts where there have not been schools maintained for many years.

SOUTH PARIS HIGH SCHOOL

The enrollment this year is the largest that it has ever been. In 1930-31 there were 12 teachers for 180 pupils or one teacher for every 15 pupils. This year there are 8 teachers for 245 pupils or one teacher for every 31 pupils. From these figures it can easily be seen that it is not possible to offer to the boys and girls of this community the same courses or the individual instruction that was offered six years ago.

The State Department of Education requires that if this school is to be maintained as a Class A School there shall be at least one teacher for every 30 pupils. If the enrollment next year is what one should expect, it will mean that another teacher should be employed.

The introduction of Home Economics into the curriculum would fulfill this requirement with a minimum expense to the town. No additional funds would have to be raised for the purpose since there is a substantial balance in the Vocational Education account which has been there for several years.

WEST PARIS HIGH SCHOOL

The enrollment this year is 49 pupils. Four of this number are tuition pupils. One pupil from Sumner and one from Greenwood have left school since enrolling in the fall so there is an uncommonly small number of tuition pupils this year.

The curriculum being offered is the one suggested by the State Department of Education for a school of this size, with three teachers.

Under the new administration several changes have taken place. It is not possible to change the course of study to any great extent, but more activities have been added and the pupils seem to have a great deal of interest in the school and the school activities.

TEACHERS

During the past year we have lost three instructors because they have been able to secure a better salary elsewhere. We must expect this to happen occasionally, but many times a small increase in salary is a wise investment for the town. With the salaries that Paris has been able to pay for the past few years it is necessary to employ inexperienced teachers and as soon as they get enough experience to become of real value to the school system they secure better positions. This seems to be unavoidable, but it certainly is worth thinking about.

CONVEYANCE

Conveyance is and probably will continue to be one of the most troublesome problems that school officials have to deal with. In an effort to cut down on the expense of conveyance and at the same time provide better vehicles we lengthened two routes, thereby eliminating two other routes. Although there are some disadvantages, I believe that, on the whole, this is a more efficient arrangement.

The bids on conveyance this year, in general, were higher than last year and so in the final analysis no saving was effected.

With winter roads improving constantly, parents are expecting more of the conveyances. Many pupils who used to walk some distance through deep snow now must have the conveyance call at their door, according to the parents. This is all very fine, but it costs money.

FUEL

The cost of fuel at South Paris is smaller this year than it has been in past years. At the South Paris High School Building much of the coal has been stored out of doors, on the ground. It is taken out of the pile as it is used and at the end of the year there has been about a car load (30 to 40 tons) left around the edges which serves as a bin into which the next year's supply is put. We felt that it would be economical to use this up and then make different arrangement another year. This may necessitate buying more coal during the year, but we did not buy nearly as much as usual and the interest on the investment for the coal that has been in the pile for years, will more than offset the extra cost of buying more coal in the winter.

INSURANCE

In the School Budget we are asking the town to raise the sum of \$1,000.00 for Insurance, Lights, Water and Telephone. This is

supposed to be the year when the smallest amount is needed for insurance as only a few policies expire this year. I have been talking with the insurance agents and if the town will raise the amount asked for we plan to equalize the insurance cost from year to year. By that I mean, rewrite the policies so that the premiums will be about the same every year instead of being small one year and large another year.

MEDICAL INSPECTION

The annual medical inspection was conducted this year as usual and I should like to call your attention to the report of the chairman of the Board of School Physicians. I believe that the figures given will convince any thinking person of the value of this examination. I trust that the citizens of Paris will feel that it should be continued.

I should like to include a word of appreciation to the Norway-Paris Kiwanis Club for the large number of physical defects that they have had corrected in the children of Paris. In order that you may know what they have been doing I submit the following figures.

Since 1932 they have had tonsils and adenoids removed from 27 of our children and they have purchased glasses for 21 children. Also, three more minor operations have been performed at the expense of this Service Club. I feel that the town is deeply indebted to the Norway-Paris Kiwanis Club because many of these defects would have continued to grow worse or would have had to be corrected at public expense.

REPAIRS

The Repairs account shows a balance but this does not mean that all desirable repairing has been done. It does mean, however, that we have felt that in the event that a considerable expenditure becomes necessary in connection with the elementary school situation every dollar that could be carried over would be a dollar that would not have to be provided another year.

The buildings in general are in good condition. The following repairs are very desirable: Six new toilets in the Brick School; flush toilets at Porter Street and Main Street, if these schools are to be continued; paint outside of South Paris High School, if Federal funds can be secured to provide labor; urinals at South Paris High School need repairs; new drinking fountains at West Paris High School and South Paris High School; the flagpoles at several schools need replacement; a bin for coal at South Paris High

School and the roof of the South Paris High School needs painting and repairing; more satisfactory artificial lighting should be provided in all buildings as fast as funds will permit.

FINANCES

In order for a town to be eligible to receive money from the State Equalization Fund it is necessary that the municipal tax rate of that town shall be "in excess of a rate which is 3 mills less than the average of such rates for all the towns of the State." Also the apportionment is made only "to towns wherein a rate of taxation considerably in excess of the average rate for the state fails to produce a school revenue sufficient to secure a reasonable standard of education efficiency." Paris did not receive any apportionment from this fund this year.

It is well to consider that the fiscal year extends from January 1 to December 31, the town year from March 1 to February 28 or 29 and that the school year extends from July 1 to June 30. This makes it difficult to make out a financial report that is easily understood. Balances shown on the books as of December 31 are expected to last until March 1st, so I am attempting to show a probable, approximate balance as of March 1st. Please remember that this is not an exact balance by any means, but the known expenditures that must be made between January 1 and March 1 have been deducted and an approximate balance as of March 1st is shown in each account.

The teachers of Paris have been very willing to co-operate with me during the first half of this school year and I wish to publicly express my appreciation to them. The School Committee has given unsparingly of their time and effort, always keeping in mind the efficiency of the schools as well as the financial side of every question that has arisen. They deserve commendation.

Respectfully submitted,

WILLIAM O. BAILEY,

Superintendent of Schools.

Pupils per teacher W. P. H. S.	19.3	16.3	18.3	15.0

*Figures from preceding school year.

(x) Lower average attendance than last year due to mumps, measles, etc.

Where blank spaces appear, figures are not available.

Report of School Physicians

*To the Superintending School Committee and the Citizens of
Town of Paris:*

The school physicians who were appointed last spring have examined 833 children, and I have listed the defects which we found as follows:

I have divided the tonsil and adenoid cases into three classes. The first is a slight catarrh of the throat and nose. The second is a slight enlargement of the tonsils which can be cured by medicine. The third class includes those cases which demand immediate removal. In the first class we found 203 cases, in the second class 135, and in the third class there were 20 cases.

There follows a list of other defects that we found during this inspection:

Defective Teeth	240	Enlarged glands	3
Functional disease of the		Lung Diseases (Not	
Heart	11	Tubercular)	3
Wax in Ear	29	Contracted Perpus	3
Defective Vision	26	Posture	10
Broken Arches	21	Nervous Disorder	3
Skin Disease	15	Anemia	3
Malnutrition	6	Speech Defect	3
Asthma and other abnormal		Hearing	1
breathing	6	Gums	5

The inspection detected six children who, it was thought, had a mild form of pulmonary tuberculosis. These children were taken to the Rumford Hospital where X-rays and skin tests were made. All cases were reported negative, so at present there is no active tuberculosis in our schools. These children were found to be much underweight, feverish, with a slight cough, so they were sent home and arrangements were made for

the State of Maine District Nurse to call on them periodically and direct them in personal hygiene, diet, etc.

We are unable to report to you the correct number of operations and cures that have been effected as a result of the annual medical inspection during the past few years, but I am confident that there have been nearly seventy-five operations performed on the children of this town, as a result of the findings of these annual inspections. It is difficult to keep the records complete because pupils are not accurate in reporting the defects corrected after the medical inspection.

The corrected cases which have been recorded during the past four years are as follows: Tonsils and adenoids removed, 45 cases; teeth treated, 75 cases; ear wax removed, 20 cases; glasses fitted, 22 cases; circumcision, 13 cases; chronic eczema cured, 1 case; operation for hernia, 1 case; glands removed, 2 cases. Although I do not feel that this is a complete list of the operations that have been performed, it shows conclusively that the number of resulting diseases which might have arisen from neglect have been reduced to a great extent.

Although the annual Medical Inspection has been conducted for only seven or eight years, it is already evident that the physical condition of the students, in the last two years of your high school course, is much better than it was in former years. I think that this can be attributed directly to the Medical Inspection, and I feel that such an inspection will be economy to the tax payers of the town in years to come because it is bound to remove a considerable burden in the way of surgical and medical treatment in later years.

Edwin Kay, M. D.	

Report of the Board of Health

To the Selectmen and the Citizens of the Town of Paris:

We wish to submit the following report for the year 1936, with a tabulation of contagious diseases that have been reported to the Board of Health during the year.

Whooping cough, none; chicken pox, 32; pneumonia, 13; mumps, 38; pulmonary tuberculosis, 1; scarlet fever, 7; measles, 229; infantile paralysis, 1.

Three minor nuisances were reported to this board, and were taken care of.

We have had a large number of indigent children with infectious skin diseases which have been taken care of by the School Physicians, and as we understand but little time has been lost out of school.

The Board of Health will furnish small pox vaccination (Free) to those who desire it. Those who wish may go to their regular medical attendant.

Warrant for Town Meeting

To Robert T. Smith, a Constable of the Town of Paris:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Paris, qualified by law to vote in town affairs, to meet in Association Hall, in South Paris Village, in said town, on Monday, the first day of March, next, at ten o'clock in the forenoon, to act upon the following articles, viz.:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will accept the reports of the Selectmen, School Board and Board of Health.

Art. 3. To hear the report of the Crocker and Bray funds.

Art. 4. To choose all necessary town officers for the ensuing year.

Art. 5. To see if the town will vote to have a road commissioner or road commissioners.

Art. 6. a. To see if the town will vote to raise the sum of \$34,660.00 for all school purposes except supervision, to be divided among the various accounts as follows:

Common schools,	\$ 19.650 00
High schools,	10,000 00
Text books,	1,000 00
Supplies,	1,200 00
Insurance, lights, water and telephone,	1,000 00
Apparatus and equipment,	310 00
Repairs,	1,200 00
Medical inspection,	300 00

(If the town desires to raise the money needed for

schools under separate articles instead of one lump sum, it may be done by acting on parts b to i instead of part a.)

b. To determine the sum of money that the town will vote to raise for the support of common schools.

c. To determine the sum of money that the town will vote to raise for the support of high schools.

d. To determine the sum of money that the town will vote to raise for school supplies.

e. To determine the sum of money that the town will vote to raise for textbooks to be used in the schools of the town.

f. To determine the sum of money that the town will vote to raise for insurance, lights, telephone and water for the schools.

g. To determine the sum of money that the town will vote to raise for school repairs.

h. To determine the sum of money that the town will vote to raise for permanent school equipment.

i. To determine the sum of money that the town will vote to raise for medical inspection.

Art. 7. To see what sum of money the town will vote to raise for the repair of roads and bridges for the ensuing year.

Art. 8. To see what sum of money the town will vote to raise to pay snow bills for the ensuing year.

Art. 9. To see what sum of money the town will vote to raise for the maintenance of State Aid highway within the limits of the town.

Art. 10. To see what sum of money the town will vote to raise for the maintenance of third class road within the limits of the town.

Art. 11. To see what sum of money the town will vote to raise for the maintenance of special resolve road within the limits of the town.

Art. 12. To see what sum of money the town will vote to raise for cutting bushes within the highway limits of the town.

Art. 13. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20, Revised Statutes of 1930.

Art. 14. To see what sum of money the town will appropriate and raise for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 173, Public Laws of 1935.

Art. 15. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads, in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Art. 16. To see if the town will vote to raise money, and what sum, for tarring streets.

Art. 17. To see if the town will instruct the school committee to appoint one or more school physicians.

Art. 18. To see what sum of money the town will vote to raise for the support of the poor for the ensuing year.

Art. 19. To see what sum of money the town will vote to raise to pay town officers' bills for the ensuing year.

Art. 20. To see if the town will vote to transfer the balance of the Superintendent's Salary account to the Town Officers' account.

Art. 21. To see what sum of money the town will vote to raise to pay interest on funds and temporary loans.

Art. 22. To see what sum of money the town will vote to raise to pay interest on refunding bonds.

Art. 23. To see what sum of money the town will vote to raise to pay interest on bridge bonds.

Art. 24. To see what sum of money the town will vote to raise to pay interest on school house bonds.

Art. 25. To see if the town will vote to appropriate money, and what sum, to be used in observing Memorial Day, to be expended by William K. Kimball Post, G. A. R., and by Hannah Carter Tent, D. of V.

Art. 26. To see if the town will vote to authorize the treasurer to hire such sums of money as may be needed for temporary loans, the same to be paid on or before December 31, 1937, from the 1937 assessment.

Art. 27. To see if the town will vote to pay the premium on the bonds of the collector and the treasurer for the ensuing year, the same to be paid from the miscellaneous account.

Art. 28. To see if the town will vote to transfer the balance of the automobile excise tax, amounting to Sixteen Hundred and Eighty-four and 13-100 Dollars (\$1,684.13) to the W. P. A. account.

Art. 29. To see what sum of money the town will vote to raise to take care of unpaid taxes.

Art. 30. To see if the sum of One Hundred Dollars or more will be raised for school nursing in the Town of Paris under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 31. To see if the town will allow any discount on taxes paid or charge interest on unpaid taxes, fix the rates for the same and the time or times when discounts will be allowed and interest charged.

Art. 32. To see what action the town will take to pay the notes issued to pay certain of the high school bonds, and raise money for the same.

Art. 33. To see if the town will authorize the Selectmen to purchase a plan of the South Paris sewer system from L. E. Scruton, to be paid from the miscellaneous account.

Art. 34. To see if the town will authorize the Selectmen to purchase from Fannie J. Frost a small strip of land for a roadway, to connect Tyler Street with the roadway rented from the Canadian National Railway, the price of the same to be Fifty Dollars, to be paid from the miscellaneous account.

Art. 35. To see if the town will vote to adopt the provisions of "The Sunday Amateur Sports Law".

Art. 36. To see if the town will vote to establish a sinking fund for the purpose of replacing the cemetery and trust funds used by the town, as recommended by the State Department of Audit, and invest the same as provided in the Revised Statutes of Maine; and to determine what sum the town will grant and raise annually for said purpose.

Art. 37. To see if the town will vote to discontinue the road over Number Four Hill, so-called, leading from the turn beyond the Gilbert Shaw farm to the Hebron town line.

Art. 38. To transact any other business that may legally come before the meeting.

The Selectmen will be in session at the Assessors' Office, South Paris, at nine o'clock A. M., on the day of the meeting, to revise the list of voters.

Given under our hands this 9th day of February,
A. D., 1937.

TOWN CLERK'S OFFICE

To the Selectmen of the Town of Paris:

The following returns of births, marriages and deaths for the year 1937, in the Town of Paris and from clerks of other towns have been made to this office.

Respectfully submitted,

ROBERT W. WHEELER, Clerk of Paris.

Births, 1937

- Jan. 3, to the wife of Herbert Woodworth, a daughter,
Alice Anne, 6th child.
- 17, to the wife of Aubrey A. Hoyle, a daughter,
Ruth Eleanor, 1st child.
- 17, to the wife of Arthur C. Hart, a son, Warren
Arthur, 5th child.
- 24, to the wife of Francis L. Bradbury, a daughter,
Natalie Eleanor, 2nd child.
- Feb. 1, to the wife of James C. Cleveland, a daughter,
Esther Faye, 8th child.
- 21, to the wife of Donald T. Thayer, a son, Robert
Edwin, 1st child.
- 22, to the wife of Keith F. Hill, a daughter,
Patricia Jean, 1st child.
- 28, to the wife of Edmund J. Daniels, Jr., a son,
Philip Eugene, 1st child.

- March 1, to the wife of Wilder W. Merrill, a daughter,
Barbara Elizabeth, 1st child.
- 2, to the wife of James L. Cordwell, a daughter,
Sally Ann, 1st child.
- 3, to the wife of Wilfred G. Conary, Jr., a son,
David Arlan, 1st child.
- 7, to the wife of Eaino Heikkinen, a son, Robert
Eaino, 1st child.
- 8, to the wife of Leon E. Stearns, a son, Stephen
Paul, 3rd child.
- 9, to the wife of Warren F. Knightly, a daughter,
Sally Ruth, 4th child.
- 12, to the wife of Merl H. Whitman, a son, Ernest
Marshall, 1st child.
- 13, to the wife of Richard P. Crockett, a daughter,
Joyce Marie, 1st child.
- 22, to the wife of Wallace M. Noyes, a son, Wallace
Mason, Jr., 1st child.
- 26, to the wife of Leslie G. Marr, a daughter,
Frances Lorraine, 3rd child.
- 28, to the wife of Carlo Martino, a son, Robert
Chandler, 2nd child.
- April 16, to the wife of Oliver J. Hamel, a daughter,
Emilie Georgette, 6th child.
- 22, to the wife of Henry R. Merrill, a son, Henry
Jack, 3rd child.
- May 1, to the wife of Chester L. Cummings, a daughter,
Eleanor May, 4th child.
- 2, to the wife of Robert B. Dow, a son, Bruce, 4th
child.
- 4, to the wife of Clifford H. Wing, a daughter,
Marguerite Jane, 2nd child.
- 9, to the wife of Perley Everett, a son, Stanley
Vincent, 2nd child.
- 18, to the wife of William F. Watt, a daughter,
Geraldine Bertha, 1st child.

May 18, to the wife of Francis J. Locke, a son, Garry Lee, 1st child.

21, to the wife of Clarence W. Everett, a son, Ralph Joel, 3rd child.

22, to the wife of Aiden E. Redding, a daughter, Joyce Anne, 1st child.

26, to the wife of Arthur C. Allen, a daughter, Ethel May, 7th child.

June 5, to the wife of Roy E. Ingalls, a daughter, Georgia Ann, 2nd child.

16, to the wife of Francis E. Noyes, a daughter, Beverley June, 1st child.

21, to the wife of Howard F. Sturtevant, a daughter, Nancy Jean, 1st child.

24, to the wife of Donald A. Ryerson, a daughter, Frances Irene, 1st child.

24, to the wife of Lauri Ronkko, a daughter, Jeanette Maria, 4th child.

July 8, to the wife of Gordon V. McAllister, a daughter, Betty Jane, 1st child.

10, to the wife of Harry Reid, Jr., a daughter, Anita Claire, 1st child.

11, to the wife of Floreston S. Pierce, a son, Floreston Samuel, Jr., 6th child.

15, to the wife of Oneal J. Cyr, a son, Richard Henry, 2nd child.

20, to the wife of Everett H. Brown, a daughter, Betty Mildred, 1st child.

25, to the wife of Emil Heikkinen, a son, Stanley Emil, 3rd child.

Aug. 2, to the wife of Waldron A. Ryder, a son, Richard Allen, 1st child.

5, to the wife of Erlon H. Whitman, a daughter, Helen Louise, 1st child.

Aug. 7, to the wife of Windsor L. Abbott, a daughter,
Gloria Ann, 2nd child.

7, to the wife of Herman L. Judkins, a daughter,
Winona Rose, 3rd child.

9, to the wife of Thomas A. Verrill, a daughter,
Hollie Myrna, 3rd child.

9, to the wife of Alton E. Swan, a daughter,
Priscilla Lillian, 1st child.

10, to the wife of Ethan W. Brown, a daughter,
Sandra Theresa, 10th child.

17, to the wife of Steavens J. Thomas, a daughter,
Pauline Mae, 2nd child.

20, to the wife of Earlon H. Mayberry, a daughter,
Ruth Ann, 2nd child.

22, to the wife of John Henderson, a son, Fred
Dana, 3rd child.

Sept. 4, to the wife of Ernest A. Libby, a son, Ernest
Oliver, 4th child.

4, to the wife of Leander C. Austin, a daughter,
Avis Jean, 9th child.

4, to the wife of Leander C. Austin, a daughter,
Mavis Jean, 10th child.

11, to the wife of Freeman K. Abbott, a daughter,
Dorothy Emma, 2nd child.

11, to the wife of John M. Ring, a daughter, Joanne
Valerlee, 1st child.

13, to the wife of George W. Tibbets, a daughter,
Clara Mae, 3rd child.

23, to the wife of Archie F. MacDonald, a son,
Archie Fulton, Jr., 6th child.

Oct. 8, to the wife of Edward L. Abbott, a daughter,
Georgia Ruth, 5th child.

9, to the wife of Bernard E. Lovejoy, a son, Perley
Edward, 2nd child.

Oct. 15, to the wife of Howard E. Ordway, a daughter,
Roberta Isabelle, 2nd child.

18, to the wife of Roland D. Andrews, a daughter,
Georgia Edwina, 4th child.

27, to the wife of Lawrence R. Cushman, a son,
Robert Lawrence, 1st child.

29, to the wife of Stanley O. Andrews, a daughter,
Starr Norine, 1st child.

31, to the wife of Walter-M. Frank, a daughter,
Katherine Alice, 2nd child.

Nov. 1, to the wife of Eugene B. Pride, a son, Ira
Bridges, 2nd child.

6, to the wife of Paul O. Schoolcraft, a son, Del-
bert, 5th child.

7, to the wife of E. Walker Abbott, a daughter,
Nancy Jean, 1st child.

11, to the wife of Lawrence E. Perkins, a son,
Forest Elmer, 1st child.

16, to the wife of Kenneth G. Blossom, a daughter,
Margaret Janice, 4th child.

17, to the wife of Waino Kyllainen, a daughter,
Geraldine, 10th child.

21, to the wife of Lorenzo Cole, a daughter, Mary
Jane, 3rd child.

Dec. 26, to the wife of James G. Cole, a daughter, Mary
Ann, 1st child.

29, to the wife of Algot E. Anderson, a daughter,
Sandra Ruth, 2nd child.

29, to the wife of Hugo Jacobson, a son, Ernie
John, 1st child.

31, to the wife of Lawrence P. Abbott, a son, James
Arthur, 4th child.

1936 (Not in Town Report Last Year)

May 27, to the wife of Donald W. Andrews, a son,
Stephen Arthur, 1st child.

Dec. 17, to the wife of John W. Andrews, a son, Arden
Luther, 8th child.

31, to the wife of Howard S. Ellingwood, a daughter,
Joan Mary, 1st child.

Births Reported from Other Towns

Jan. 23, to the wife of Maynard E. Bessey, a daughter,
Barbara Lee, 1st child.

31, to the wife of Lester T. Swallow, a daughter,
Bernice Elizabeth, 2nd child.

Feb. 13, to the wife of Lawrence A. O'Bryan, a daughter,
Donna Elaine, 1st child.

May 15, to the wife of Walter J. Irvine, a son, Nelson
Craig, 1st child.

July 2, to the wife of John E. Huotori, a son, Raymond
John, 2nd child.

27, to the wife of Perley R. Ellingwood, a son, Alan
Richard, 2nd child.

29, to the wife of Harold F. Millett, a daughter,
Dorothy Lucille, 4th child.

Aug. 14, to the wife of James R. Glover, a son, Norman
Richard, 1st child.

Sept. 3, to the wife of Alton R. Welch, a son, Herschel
Alton, 1st child.

14, to the wife of Lemuel T. Parker, a daughter,
Marlene Rae, 4th child.

19, to the wife of Ralph L. Knightly, a son,
Harold Keith, 2nd child.

Oct. 25, to the wife of Stanley A. Smith, a son, Donald Richard, 3rd child.

Nov. 3, to the wife of Sherbourne F. York, a daughter, Vivian Florice, 2nd child.

4, to the wife of Joseph P. Devarenne, a son, Joseph Philip F., 2nd child.

6, to the wife of Donald E. Bourgois, a daughter, Nancy Ruth, 3rd child.

Dec. 5, to the wife of Arnold E. Stone, a daughter, Rachel Ann, 1st child.

18, to the wife of Guy A. Swan, a daughter, Dawnalyn Mabelle, 1st child.

1936 (Not in Town Report Last Year)

July 5, to the wife of Arne J. Avikainen, a daughter, Ruth Elizabeth, 1st child.

Dec. 26, to the wife of Leroy I. Smith, a son, 1st child.

Marriages

In Winthrop, January 9, by Rev. David Jack, Alton E. Swan, age 21, of South Paris and Marguerite L. Brown, age 16, of North Waterford.

In South Paris, January 12, by Rev. Rensel H. Colby, Melville Chapman, age 54, and Alice M. Young, age 46, both of South Paris.

At the suggestion of the Auditor, we have omitted from our printed report the items of expenditures under the various accounts. These figures are on file in the Selectmen's office, and are available to any citizen at any time. A fully itemized statement of the school accounts will be found in the Superintendent's report.

Respectfully submitted,

HENRY E. JUDD	} Selectmen
ELLSWORTH D. CURTIS	
ELLIS C. ELLINGWOOD	
	} of
	} Paris

Augusta, Maine, February 5, 1938.

To the Inhabitants of Paris, Maine:

This is to certify that this department, represented by Mr. G. C. Lewis and E. H. Shute, has completed an audit of the accounts of the Selectmen, Treasurer and Collector of the town of Paris for the year ending December 31, 1937.

We found your town records in excellent condition and the schedules submitted herewith, including report of Treasurer, Tax Collector, Comparative Balance Sheet and Summary of Accounts and Comparative Balance Sheets which were prepared from your town records, we believe to be correct and truly set forth the financial condition of your town.

We did not have time, during this audit, to verify your outstanding tax deeds. This work will be done later in the year and we feel that the result will mean a considerable increase in the asset account (Unpaid Tax Account—Tax Deeds).

COMMENT

We would like, at this time, to explain the change in the method of handling unexpended balances. It has been the practice to carry the balances forward into the next year with the assumption that it was necessary to have these balances to carry on the town business until your annual town meeting was held and new appropriations made. As your town books are closed on December 31st, and your town report is printed as of that date, we would assume that the fiscal year has ended and that all business transacted between that time and the annual town meeting would be charged against any appropriation made at the meeting.

We have suggested to the Selectmen and a member of your Budget Committee that any unexpended balances, which there might be in any of the accounts, be transferred to a Summary of Accounts. Also, any overdrafts which might occur would be transferred to the Summary of Accounts. The difference between the unexpended balances and the overdraft balances would be

transferred to the Surplus or Net Debt account. It might also be well to state that these unexpended balances do not necessarily represent cash, as they were raised by direct taxation on the property owners and until each and every tax committed to the Collector has been collected, these balances are unavailable for use.

In order that the above-mentioned plan may be successfully carried out, we would suggest that at your next annual town meeting, you fix the Fiscal Municipal Year from January 1st to December 31st. By doing this, a truer picture may be obtained of the transactions of your town during a fiscal year.

We do not recommend printing the names of persons receiving reimbursement from the town for services rendered or merchandise furnished. We believe it far more beneficial that the function of a department or account be shown in your report, rather than a list of names of persons receiving the money.

The town records are kept in a very efficient manner and are open for inspection at any time. Any question or problem pertaining to the town business is available to any tax-payer.

We wish to thank your town officials for the fine spirit of cooperation shown to our auditors during their stay in Paris.

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

HAROLD E. CRAWFORD,

Chief Auditor

Schools of Paris

Report of the Superintendent of Schools and School Committee

To the Citizens of the Town of Paris:

We herewith submit our annual report as Superintendent of Schools, and members of the School Committee.

THE ELEMENTARY SCHOOLS

1. The Porter Rural and the Tubbs Schools that were temporarily closed last year were permanently closed by vote of the town at a special town meeting held in August.

2. The enrollment in the grades in South Paris Village is too large for best results with the teachers available. Each teacher in the Brick School has over forty pupils.

3. Grades 5 and 6, in South Paris High School building, have been departmentalized. We tried to get along here with only two teachers but the enrollment was so large that another teacher was employed after the school year started.

4. An effort was made to close the Partridge School and convey the pupils from that district to the Paris Hill School. We met the parents in the Partridge School and tried to show them that we could offer their children better educational opportunities at Paris Hill. They voiced such strong opposition that it was decided to continue the school another year anyway.

5. All of the schools in the Town took part in a testing program which was conducted in part, by the Department of Education of Bates College. The tests were given by some other teacher in every case and then all tests were taken to Bates College and scored. The results of these tests were very interesting and helpful. Each teacher was given a copy of the results obtained from all the schools in this Union and they could see their weakness as well as their strength. On the whole these tests showed that the achievements of our pupils compared very favorably with other school systems throughout the country where these tests have been given.

THE HIGH SCHOOLS

1. The high school enrollment at South Paris is about the same as last year. The curricula has been revised and Home Economics has been added. This makes quite a satisfactory organization although some vocational course for boys should be offered in a school of this size so that pupils may be prepared to do better, that which they are going to do anyway.

Several changes have been made in the teaching staff for various reasons.

We believe that the present staff is doing a creditable piece of work. Home Economics is being received with much favor by the pupils enrolled. Vocational courses are the least expensive of any courses taught, because in December, 1938, Paris will receive about \$660. from the State and Federal governments toward defraying the expense of Home Economics this year.

2. The high school enrollment at West Paris is somewhat larger than last year. The Freshman class consisted of twenty-three pupils in the fall but several have dropped out since. A course in general Home Economics and one in Carpentry and Mechanical Drawing have been added to the courses offered.

CONVEYANCE

The vehicles in which pupils are conveyed to and from school are considerably better this year than they have been. These have been improved as a result of issuing contracts for two or three years instead of one year. Also, the State has made certain requirements that these vehicles must meet and they are being inspected to see if they conform.

MEDICAL INSPECTION

The medical inspection was carried on this year as usual and although it was felt that the three doctors should receive \$100 each for their services, they volunteered to accept \$75 each and thereby leave \$75 to be used for dental hygiene. In order to introduce dental hygiene in towns where it is new, the State Department of Health offered the service of a dental hygienist at one-third of the regular price. This offer permitted us, by using the \$75 available for medical inspection, to have the teeth of all the children in Grades 1, 2, 3, 4, 5, and 8, cleaned, in the whole town of Paris. Next year the same service would cost \$115, the following year \$150, and \$225 per year thereafter.

REPAIRS

Six new toilets were installed at the Brick School. The old ones had been condemned by the State Department of Health as being unsanitary. This necessitated a new water pipe from the

street in order to furnish enough water for their proper operation.

A start was made toward improving the artificial lighting in the buildings. New semi-indirect lights were installed in one room at West Paris High School, and in two rooms at South Paris High School building.

One new side-bubbling drinking fountain was installed in each high school building and the Brick School.

The metal part of the roof on the high school building at South Paris was given a coat of roofing paint.

The sewer at the Porter Street School was connected to the town sewer.

TEACHERS' SALARIES

This year the teachers all received a small increase in salary but the cost of living has increased so that we doubt if they are any better off as a result of it. A survey that has just been made of fourteen towns in this vicinity shows that in every case but one, the salaries of the teachers in Paris are lower than in any of the other towns. Such towns as Hebron, Upton, Waterford, etc., are paying higher salaries than Paris. As a result of this, too many good teachers are lost each year to towns which pay more and it becomes necessary to hire inexperienced teachers to replace them.

It has come to our attention that some Paris High School graduates who are attending college, are having difficulty with their English. Can this be wondered at when we consider that the present Senior class has had a different English teacher each year that they have been in high school? Low salaries and inefficiency have been the cause of this rapid turnover of teachers. We must pay higher salaries if we are to demand higher standards and to expect teachers to stay with us long enough to become most efficient, or we must be satisfied with what we are able to afford.

INSURANCE

The insurance policies on the school buildings and contents have been re-written so that the premium cost per year has been equalized. Some electric wiring has been changed to obtain a lower rate of three buildings.

FINANCES

Again this year Paris did not share in the Equalization Fund. The tax rate was not higher than .003 less than the average for the State, and so Paris was not eligible to share. If the tax rate had been one-fourth of a mill higher, Paris would have received a share of this fund. In other words if the tax payer whose prop-

erty is valued at \$1,500 had been assessed 37½ cents more on his tax bill, it would have made Paris eligible for equalization.

At the annual Town meeting last March, the School Department asked for less money than the year before expecting to use up the balances that have been carried over from year to year. An examination of the accounts will show that these balances are still larger than is necessary to run the schools until the March meeting because several savings that were not anticipated have been effected during the year.

CONCLUSION

We feel that considering the number of schools operated and the geography of the town, we are operating as efficient a school system as is possible without expending more money.

The teachers are well-trained, conscientious and cooperative, and we appreciate their attitude toward their work.

Respectfully submitted,

WILLIAM O. BAILEY, Supt. of Schools.

FLORENCE J. HASKELL,	}	School Committee.
AUSTIN P. STEARNS, JR.,		
VERNER R. SMITH,		

Report of School Physicians

During the fall term of 1937 the school physicians examined 825 pupils in the town of Paris and found the following defects :

Teeth 272, throat 103, glands 26, vision 25, gums 23, nasal passages 17, skin 14, nutrition 10, posture 9, orthopedic 7, heart 6, lungs 3, speech 3, thyroid 1.

All of these defects were believed to need attention and the parents were notified in each case. Some of these conditions have already been corrected. If you are impressed by the number of bad teeth which we found, we would suggest that while lack of means is sometimes the cause, yet carelessness and neglect seem to us a large factor.

Several women, representing various clubs, have very kindly donated their services during these examinations, which has not only been an aid in doing the work but, we think, has increased public interest in the physical condition of our school children.

We hope this annual survey will serve as a basis for parents, teachers and charitable organizations for work in trying to produce healthier children.

THE SCHOOL PHYSICIANS.

Report of the Board of Health

To the Selectmen and Citizens of the Town of Paris :

We herewith submit to you our report for the year 1937, with a tabulation of the diseases that have been reported to the board during the year.

Influenza,	1
Broncho-Pneumonia,	6
Lobar-Pneumonia,	8
Scarlet Fever,	24
Measles,	6
Chicken Pox,	31
Mumps,	1
Tuberculosis,	1
Acute Anterior Poliomyelitis,	3

Towns in this state are requested by law to offer free vaccination against small pox to all residents, and you are hereby notified that any citizen of this town may go to any physician of this town for vaccination and that the physician has the authority to charge the same to the board of health account.

W. BRADFORD RAYMOND, M. D.

L. M. CORLISS, M. D.

Members of the Board of Health.

Warrant for Town Meeting

To A. French Stevens, a Constable of the Town of Paris:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Paris, qualified by law to vote in town affairs, to meet in Association Hall, in South Paris Village, in said town, on Monday, the seventh day of March, next, at ten o'clock in the forenoon, to act upon the following articles, viz:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will accept the reports of the Selectmen, School Board and Board of Health.

Art. 3. To hear the report of the Crocker and Bray funds.

Art. 4. To see if the town will vote to elect one selectman for a term of one year, one selectman for a term of two years and one selectman for a term of three years, and each year thereafter to elect one selectman for a term of three years.

Art. 5. To choose all necessary town officers for the ensuing year.

Art. 6. (a) To see if the town will vote to raise the sum of \$35,675.00 for the school purposes designated below and apportioned as indicated below:

Common schools	\$ 19,300 00
High schools	10,000 00
Supplies	1,350 00

Textbooks	\$ 1,200 00
Repairs	1,200 00
Lights, water and telephone	500 00
Insurance	825 00
Apparatus and Equipment	300 00
Medical inspection	300 00
Vocational education	700 00

If the voters prefer to raise the school money under separate articles, it may be done by acting on parts b to k instead of part a.

(b) To determine the sum of money that the town will vote to raise for the support of common schools.

(c) To determine the sum of money that the town will vote to raise for the support of high schools and physical education.

(d) To determine the sum of money that the town will vote to raise for school supplies.

(e) To determine the sum of money that the town will vote to raise for textbooks to be used in the schools of the town.

(f) To determine the sum of money that the town will vote to raise for school repairs.

(g) To determine the sum of money that the town will vote to raise for school lights, telephone and water.

(h) To determine the sum of money that the town will vote to raise for fire insurance on school buildings and contents.

(i) To determine the sum of money that the town will vote to raise for apparatus and equipment for the schools.

(j) To determine the sum of money that the town will vote to raise for school medical inspection.

(k) To determine the sum of money that the town will vote to raise for vocational education in the high schools of the town.

Art. 7. To see what sum of money the town will vote to raise for the conveyance of the children of Paris paupers who reside in other towns, to the schools they attend.

Art. 8. To see if the town will vote to raise money for dental hygiene in the schools, and if so, how much.

Art. 9. To see if the town will instruct the school committee to appoint one or more school physicians.

Art. 10. To see what sum of money the town will vote to raise for the repair of roads and bridges for the ensuing year.

Art. 11. To see what sum of money the town will vote to raise to pay snow bills for the ensuing year.

Art. 12. To see what sum of money the town will vote to raise for the maintenance of State Aid highway within the limits of the town.

Art. 13. To see what sum of money the town will vote to raise for the maintenance of third class road within the limits of the town.

Art. 14. To see what sum of money the town will vote to raise for the maintenance of special resolve road within the limits of the town.

Art. 15. To see what sum of money the town will vote to raise for cutting bushes within the highway limits of the town.

Art. 16. To see if the town will vote to purchase a power grader, and raise money for the same.

Art. 17. To see what sum the town will appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 18. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads, in excess of the requirements of Section 2, Chapter 132, P. L. 1935.

Art. 19. To see if the town will vote to raise money, and what sum, for tarring streets.

Art. 20. To see if the town will vote to reconstruct the bridge across Cole Brook, on the State Aid road, and raise money for the same.

Art. 21. To see if the town will vote to reconstruct the bridge over the Little Androscoggin river at South Paris, known as the Billings bridge, and make the necessary provisions to finance the same.

Art. 22. To see if the town will vote to reconstruct the bridge at Trap Corner, known as the Trap Corner bridge, and make the necessary provisions to finance the same.

Art. 23. To see if the town will vote to raise money, and what sum, to provide an unemployment fund, to be used in furnishing work for such persons as are obliged to have assistance from the town on account of lack of employment.

Art. 24. To see what sum of money the town will vote to raise for the support of the poor for the ensuing year.

Art. 25. To see what sum of money the town will vote to raise to pay town officers' bills for the ensuing year.

Art. 26. To see what sum of money the town will vote to raise to pay interest on funds and temporary loans.

Art. 27. To see what sum of money the town will vote to raise to pay interest on refunding bonds.

Art. 28. To see what sum of money the town will vote to raise to pay interest on bridge bonds.

Art. 29. To see what sum of money the town will vote to raise to pay interest on school house bonds.

Art. 30. To see what sum of money the town will vote to raise to pay miscellaneous bills for the ensuing year.

Art. 31. To see if the town will vote to appropriate money, and what sum, to be used in observing Memorial Day, to be expended by William K. Kimball Post, G. A. R., and by Hannah Carter Tent, D. of V.

Art. 32. To see if the town will vote to raise the sum of Two Hundred Dollars for the control of pine blister rust.

Art. 33. To see if the town will vote to raise money, and what sum, for the care of old, neglected cemeteries.

Art. 34. To see what sum of money the town will vote to grant and raise, to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine.

Art. 35. To see if the sum of Two Hundred Sixty-eight Dollars, or more or less, will be raised for school nursing in the town of Paris, to be expended under the auspices of the Bureau of Health of the State Department of Health and Welfare.

Art. 36. To see if the town will vote to raise money, and what sum, for the maintenance of sewers in South Paris Village.

Art. 37. To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations

of the town; such loan or loans to be paid during the current municipal year out of money raised during said current municipal year by taxes.

Art. 38. To see if the town will vote to pay the premium on the bonds of the collector and the treasurer for the ensuing year, the same to be paid from the miscellaneous account.

Art. 39. To see if the town will vote to allow any discount on taxes paid or charge interest on unpaid taxes, fix the rates for the same and the time or times when discounts will be allowed and interest charged.

Art. 40. To see if the town will vote to raise the sum of One Thousand Dollars, to be paid into the sinking fund to replace cemetery and trust funds used by the town.

Art. 41. To see if the town will vote to raise the sum of One Thousand Dollars, to pay the note held by John A. Titus, given to replace impounded sinking funds.

Art. 42. To see if the town will vote to abate the taxes on the Mount Mica Building Association block for the year 1937.

Art. 43. To see what action the town will take in regard to settlement of the back taxes on the Mount Mica Building Association Block.

Art. 44. To see if the town will vote to authorize the Selectmen to sell and convey the James D. Ripley place at North Paris.

Art. 45. To see if the town will vote to authorize the Selectmen to sell and convey the Cummings Block at West Paris.

Art. 46. To see if the town will vote to sell the Mark Russell truck.

Art. 47. To see if the town will vote to authorize the Selectmen to sell and dispose of all tax titles held by the town on such terms as they deem advisable, and to execute quit-claim deeds for such property.

Art. 48. To see what action the town will take in regard to handling the surface water from the streets along the line of the proposed sewer system of the South Paris Village Corporation, also along the line of the present system provided the Corporation takes it over, and raise money for the same.

Art. 49. To see if the town will vote to discontinue the road leading from Paris Hill to West Sumner road, to the Paris-Buckfield town line, being the road leading past the C. Hammond farm in Buckfield.

Art. 50. To transact any other business that may legally come before the meeting.

The Selectmen will be in session at the Assessors' Office, South Paris, at nine o'clock A. M., on the day of the meeting, to revise the list of voters.

Given under our hands this 18th day of February,
A. D. 1938.

TOWN CLERK'S OFFICE

To the Selectmen of the Town of Paris :

The following returns of births, marriages and deaths for the year 1938, in the Town of Paris, and from Clerks of other towns have been made to this office.

You will note that this report is a little different than in previous years, but I have carried out your wishes as per your instructions to me as of January 19, 1939.

Respectfully submitted,

ROBERT W. WHEELER, Clerk of Paris.

On the recommendation of the State Department of Audit, we have omitted the items of expenditure under the various accounts, as was done last year. These figures are all on the books in the Selectmen's office, and are available at all times. The school accounts are fully itemized in the Superintendent's report.

Respectfully submitted,

ELLSWORTH D. CURTIS,
ELLIS C. ELLINGWOOD,
PERCY L. TURNER,

Selectmen
of
Paris.

Office of
State Department of Audit

Augusta, Maine, February 3, 1939.

To the Inhabitants of the Town of Paris:

This is to certify that this department, represented by Mr. G. C. Lewis and Mr. M. W. Bragdon, has completed an audit of the accounts of your town officials for the municipal year ended December 31, 1938.

Our report, herewith submitted, was prepared from your town records and, to the best of our knowledge and belief, properly reflects the true financial condition of your municipality as of the above date.

We wish to thank your town officials for their fine cooperation during the course of this audit.

Respectfully submitted,

STATE DEPARTMENT OF AUDIT

HAROLD E. CRAWFORD,
Chief Auditor.

Schools of Paris

Report of the Superintendent of Schools and Board of Education

To the Citizens of the Town of Paris:

We herewith submit our annual report as Superintendent of Schools, and members of the School Committee.

THE COST OF EDUCATION IN PARIS

During the past year there has been expended a total of \$45,178.11 for all school purposes. Of this amount, \$6,621 was returned to the Town from State and Federal funds. This leaves a net Town expenditure of \$38,557.11. There are enrolled in the schools of Paris, 872 pupils. This means that there has been an average of \$51.80 expended on each pupil's education by Town and State together during the past year.

The expenditure of this \$51.80 on each pupil's education has been divided as follows:

For teaching	\$29.11
For conveyance of elementary pupils	6.85
For fuel	3.16
For janitor service	3.01
For textbooks	1.55
For elementary school tuition	.14
For supplies	2.15
For building maintenance including repairs, insurance, lights, telephone, water, and permanent school equipment	3.83
For medical inspection and dental hygiene	.57
For Industrial Education	1.43*
*2-3 of this is State and Federal money	

In connection with the cost of education in Paris it is interesting to compare the amount expended in 1938 with the amount expended in 1930. This shows that in 1930 there was expended about \$77.89 per pupil against \$51.80 in 1938. Also the average of all teachers' salaries in 1930 was \$31.42 per school week whereas in 1938 the teachers averaged to receive a salary of \$21.56 per school week. The wages paid in industry in Paris, we believe, are fully

as high now as they were in 1930 and we are confident that the total payroll of industry was much larger in 1938 than in 1930. We therefore feel justified in recommending that competent teachers should receive increases in salary to reward them for their efforts and assure us of better schools in the future.

THE HOUSING PROBLEM

The housing problem in South Paris village is becoming acute. All elementary school rooms are now filled to capacity and if next fall presents as many new faces as appeared last fall there will not be seats or room available with the present equipment. In anticipation of this we, last fall, prepared plans and an application to P. W. A. (at no expense) for a grant to enable the Town to build a new 10-room elementary school building and equip it at a total cost of about \$70,000. Our idea in doing this without first having the authorization of the Town was to get our application in before the time expired for the filing of such applications and then stalling off any acceptance or rejection of the grant until the regular Town Meeting, thereby giving the citizens of the Town their legal right to accept or reject the proposition. We felt, as did the other town officers, that it was too large and important a question to be decided at a special meeting. On January 2, we received notice that our application had been disapproved because there was no assurance of the availability of the applicants' share of the cost of the project before October 1.

The high school can handle some more pupils and if it is possible to house Grades 5 and 6 in some other place there will be room for the six year high school pupils for many years to come, but, unless other arrangements are made for these grades, the only room available is that which was originally occupied by the Agricultural Department and the possibility of doing away with the assembly hall in order to make two more class-rooms. A stage can be built on the gymnasium to make a combination assembly hall and gymnasium.

We wish to emphasize again this year that this congestion in South Paris village is not a result of closing rural schools and bringing pupils into the village because, although many pupils are conveyed into South Paris village, none of them come from districts where schools have been closed in the last ten years.

In West Paris village no congestion exists except in the primary room where there are 45 pupils. This is too many for one teacher in three grades, but perhaps it is only a temporary condition. If not, a reorganization can probably be made to relieve the situation.

THE ELEMENTARY SCHOOLS

1. A new reading system has been installed in all of the primary schools and it is, we believe, already showing results.

2. The same achievement testing program which has been used before was used again last spring and the results were gratifying. Scores were a little better than in the preceeding year in almost every case.

3. On two occasions the services of a State Department of Education Field Agent have been secured to visit the teachers, offering suggestions and solving problems of individual differences, etc.

THE HIGH SCHOOLS

At South Paris the enrollment when school opened was 276 and is now 281. Of this number three are tuition pupils from Hebron. An extra teacher had to be added in the Junior High School to keep the pupil-teacher ratio within the State requirements for a Class A school.

At West Paris when school opened the enrollment was 52 and is now 51. Of this number four are tuition pupils; one from Sumner, and three from Greenwood.

Both schools are operated on a rotated schedule which makes use of long periods used for recitation, assignment, and study. This is recommended by the State Department as more efficient particularly in cases where there is a shortage of teachers.

We believe that our teaching staff as a whole is more efficient than it has been for some time, and we feel that the increased expenditure this past year is entirely justified.

MEDICAL INSPECTION AND DENTAL HYGIENE

Medical inspection was carried out as in the past and for a summary of the findings of the Doctors, we call your attention to Dr. Stewart's report.

As this report is written, the Dental Hygienist is cleaning the teeth of all the pupils in Grades 1, 2, 3, 4, 5 and 8, as last year, and she assures us that the childrens' mouths are in better condition this year than last. This service cost \$75.00 last year, \$124.00 this year, and the same will cost \$150.00 next year. To introduce this service it is offered by the State on this basis and it keeps increasing until the fourth year when it finally reaches the regular price of \$8.00 per day for the services of a dental hygienist. This will finally be a cost of about 53 cents per pupil for this service if the citizens of the Town of Paris wish it continued.

The services of the district health nurse during the medical inspection, her follow-up work, and her willingness to assist the teachers whenever health problems have arisen have proved very beneficial.

REPAIRS

The following repairs have been made to the school buildings during the year:

Paris High School building was painted one coat.

Semi-indirect lights were installed in two more rooms at Paris High School and one more at West Paris High School.

The boys' basement at Paris High School was remodeled and the hot water heater was re-located for better efficiency.

One side-bubbling drinking fountain was installed at Paris High School and one at West Paris High School.

One side of the roof at the Main Street school was recovered.

The Main Street and the Porter Street schools were repainted inside.

FINANCES

1. State Equalization Fund: "The purpose of this fund is especially to further improve educational opportunities in towns where the school maintenance and municipal rates equal or exceed the average of rates for the State." The average school rate for the state was .01243 and the average municipal rate was .05736 in 1937. These figures are used in determining the eligibility of towns to receive equalization in 1938. In Paris the 1938 school rate was .01356 and the municipal rate was .0460. Since the municipal rate was about 11 mills lower than the average for the State, Paris was not eligible to share in this fund.

2. Unexpended balances: The closing of accounts on December 31 of each year and placing unexpended balances or overdrafts into a Summary Account, as recommended by the State Auditors means that all accounts except those containing State funds must start the new year without any balance, and money expended between January 1 and the March meeting must be expended in anticipation of the March appropriation. In the Common School, High School, Textbooks, Supplies and Vocational Education accounts, the balances must be carried along because each of these accounts contain some State funds. In the insurance account there was a balance so we decided to deposit it in advance on 1939 insurance so that we should not have to raise as much by \$98.41 in 1939 as we would if it had been transferred to the Summary Account.

3. An itemized account of the receipts and expenditures of the school department follows.

CONCLUSION

In concluding our report we wish to express our appreciation for your whole-hearted support and cooperation. We assure you that we are trying to do as much as possible educationally for our boys and girls and we contend that if our standard of citizenship is to improve it will be the result of better schools, more intimate contacts with the churches and last but probably most important the realization that the home is the basic unit of citizenship.

Respectfully submitted,

WILLIAM O. BAILEY,
Superintendent of Scholols.

AUSTIN P. STEARNS,	} School Committee.
LEROY S. ABBOTT,	
EARLE R. CLIFFORD,	

Report of School Physician

*To the Superintending School Committee of the
Town of Paris:*

Gentlemen:

During the month of September, 1938, the School Physicians examined 857 pupils in the town of Paris and found the following defects:

Teeth 334; throat 134; orthopedic, including flat feet, 37; vision 31; gums 25; skin 25; nasal passage 8; glands 6; nutrition 3; posture 3; nervous disturbance 3; lungs 3; heart 2; anaemia 1, thyroid 1.

An individual record of each examination is on file in the office of the superintendent of schools, and a notice of each physical defect was sent to the parents.

The increased number of defective teeth recorded is probably due to the more critical point of view of the examiner, who is impressed by the importance of early attention in order to reduce both discomfort and expense.

All the teachers and several ladies from various parts of the town, rendered valuable assistance during these examinations and, we believe, gained some information regarding the physical disabilities of our school children.

THE SCHOOL PHYSICIANS.

Report of Board of Health

To the Selectmen and Citizens of Paris:

We herewith submit to you our report for the year 1938, with a tabulation of the diseases that have been reported to the board during the year:

	South End	North End	Total	Deaths
Broncho-Pneumonia	11	1	12	
Lobar-Pneumonia	6	1	7	
Chicken Pox	17	21	38	0
Erysipelas	1	0	1	0
Gonorrhea	2	0	2	0
German Measles	1	6	7	0
Measles	5	1	6	0
Mumps	2	0	2	0
Influenza	4	0	4	0
Scarlet Fever	4	0	4	0
Tuberculosis—Pulmonary	2	0	2	0

Towns in this state are required by law to offer free vaccination against small pox to all residents, and we are pleased to report that two hundred thirty-six (236) persons have taken advantage of the opportunity.

We strongly recommend that toxin-antitoxin immunization against diptheria be used on all susceptible children attending our public schools, and the indication for such immunization is afforded by the Schick test.

Yours truly,

W. B. RAYMOND, M. D.

L. M. CORLISS, M. D.

Board of Health of Paris.

Warrant for Town Meeting

To Robert T. Smith, a Constable of the Town of Paris:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the town of Paris, qualified by law to vote in town affairs, to meet in Association Hall, in South Paris Village, in said town, on Monday, the 6th day of March, next, at ten o'clock in the forenoon, to act upon the following articles, viz.:

Article 1. To choose a moderator to preside at said meeting.

Art. 2. To see if the town will accept the reports of the Selectmen, School Board and Board of Health.

At. 3. To hear the report of the Crocker and Bray funds.

Art. 4. To choose all necessary town officers for the ensuing year.

Art. 5. (a) To see if the town will vote to raise the sum of \$37,130.00 for the school purposes designated below and apportioned as indicated below:

Common schools	\$19,700 00
High schools and physical education	11,000 00
Textbooks	1,200 00
Supplies	1,350 00
Insurance	725 00
Lights, telephone, water	900 00
Permanent school equipment	330 00
Repairs	1,200 00
Medical inspection	300 00
Industrial education	425 00

If the voters prefer to raise the school money under separate articles, it may be done by acting on parts b to k instead of part a.

(b) To determine the sum of money that the town will vote to raise for the support of common schools.

(c) To determine the sum of money that the town will vote to raise for the support of high schools and physical education.

(d) To determine the sum of money that the town will vote to raise for school textbooks.

(e) To determine the sum of money that the town will vote to raise for school supplies.

(f) To determine the sum of money that the town will vote to raise for school repairs.

(g) To determine the sum of money that the town will vote to raise for school lights, telephone and water.

(h) To determine the sum of money that the town will vote to raise for fire insurance on school buildings and contents.

(i) To determine the sum of money that the town will vote to raise for apparatus and equipment for the schools.

(j) To determine the sum of money that the town will vote to raise for school medical inspection.

(k) To determine the sum of money that the town will vote to raise for vocational education in the high schools of the town.

Art. 6. To see if the town will vote to raise money for dental hygiene in the schools, and if so, how much.

Art. 7. To see if the town will instruct the school committee to appoint one or more school physicians.

Art. 8. To see if the town will authorize the Selectmen to sell the Porter rural and Tubbs school houses, it being the opinion of the school committee that they will not be needed any longer for school purposes.

Art. 9. To see if the town will vote to raise the sum of Fifteen Hundred Dollars, or more or less, toward completing the gymnasium at West Paris.

Art. 10. To see what sum of money the town will vote to raise for the repair of roads and bridges for the ensuing year.

Art. 11. To see what sum of money the town will vote to raise to pay snow bills for the ensuing year.

Art. 12. To see if the town will vote to purchase additional snow removal equipment, and raise money for the same.

Art. 13. To see if the town will vote to purchase additional snow fence, and raise money for the same.

Art. 14. To see what sum of money the town will vote to raise for the maintenance of State Aid highway within the limits of the town.

Art. 15. To see what sum of money the town will vote to raise for the maintenance of third class road within the limits of the town.

Art. 16. To see what sum of money the town will vote to raise for the maintenance of special resolve road within the limits of the town.

Art. 17. To see what sum of money the town will vote to raise for cutting bushes within the highway limits of the town.

Art. 18. To see what sum the town will raise and appropriate for State Aid road construction (in ad-

dition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, or under the provisions of Section 3, Chapter 229, Public Laws of 1937.

Art. 19. To see if the town will vote to authorize the assessors to rescind any amounts appropriated by the town for State Aid highway construction in excess of the amount required to meet State apportionments.

Art. 20. To see what sum, if any, the town would recommend to take from the joint State Aid account for the purpose of applying bituminous surface treatment to State Aid roads, in excess of the requirements of Section 2, Chapter 132, P. L. 1935.

Art. 21. To see if the town will vote to accept the recommendation of the Selectmen to designate High Street, from South Paris to West Paris, as State Aid road.

Art. 22. To see if the town will vote to use so much of the third class road and third class road maintenance money as may be necessary to rebuild the Stoney Brook bridge and the Stock Farm bridge, on the Buckfield road.

Art. 23. To see if the town will vote to raise money, and what sum, for tarring streets.

Art. 24. To see if the town will vote to raise money, and what sum, to provide an unemployment fund, to be used in furnishing work for such persons as are obliged to have assistance from the town on account of lack of employment.

Art. 25. To see what sum of money the town will vote to raise for the support of the poor for ensuing year.

Art. 26. To see what sum of money the town will vote to raise to pay town officers' bills for the ensuing year.

Art. 27. To see what sum of money the town will vote to raise to pay interest on funds and temporary loans.

Art. 28. To see what sum of money the town will vote to raise to pay interest on refunding bonds.

Art. 29. To see what sum of money the town will vote to raise to pay interest on bridge bonds.

Art. 30. To see what sum of money the town will vote to raise to pay interest on school house bonds.

Art. 31. To see what sum of money the town will vote to raise to pay miscellaneous bills for the ensuing year.

Art. 32. To see if the town will vote to raise money, and what sum, to take care of abatements and discount on taxes.

Art. 33. To see if the town will vote to appropriate money, and what sum, to be used in observing Memorial Day.

Art. 34. To see if the town will vote to raise the sum of Two Hundred Dollars for the control of pine blister rust.

Art. 35. To see what sum of money the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5, section 82, of the Revised Statutes of 1930, said sum to be expended under the direction of the State of Maine Publicity Bureau.

Art. 36. To see if the town will raise and appropriate One Hundred Fifty Dollars for public health work in Paris, said sum to be expended by the Bureau of Health, State Department of Health and Welfare, in coöperation with local authorities.

Art. 37. To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the town; such loan or loans to be paid during the current municipal year out of money raised during said current municipal year by taxes.

Art. 38. To see if the town will vote to pay the premium on the bonds of the collector and the treasurer for the ensuing year, the same to be paid from the miscellaneous account.

Art. 39. To see if the town will vote to allow any discount on taxes paid or charge interest on unpaid taxes, fix the rates for the same and the time or times when discounts will be allowed and interest charged.

Art. 40. To see if the town will vote to raise the sum of One Thousand Dollars, to be paid into the sinking fund to replace cemetery and trust funds used by the town.

Art. 41. To see if the town will vote to raise the sum of One Thousand Dollars, to pay the note held by Jennie M. Cole, given to replace impounded sinking funds.

Art. 42. To see if the town will vote to raise the sum of Two Thousand, Three Hundred Eighty-one and 49-100 Dollars, to cover the net overdraft for the year 1938.

Art. 43. To see if the town will vote to construct a road commencing at the cement road near Matti Kahkonen's and extending to the road leading to John McKeen's, and to raise money for the same.

Art. 44. To see what action the town will take in regard to repairing the Porter District road, and raise money for the same.

Art. 45. To see if the town will accept the street as laid out on the property of Osman Clifford on the westerly side of Western Avenue, near the County buildings, to maintain and keep passable, as soon as houses or a house is built on one of said building lots.

Art. 46. To see if the town will vote to pay Norway Village Corporation, Fire Department, the sum of One Hundred Twenty-four and 65-100 Dollars, being the amount of said Fire Department's charge for a call to a fire at North Paris on November 25, 1932, which was not authorized by the Selectmen and which has never been paid.

Art. 47. To transact any other business that may legally come before the meeting.

The Selectmen will be in session at the Assessors' Office, South Paris, at nine o'clock A. M., on the day of the meeting, to revise the list of voters.

Given under our hands this 18th day of February,
A. D. 1939.
